A story which has at the last moment been sprung and is being industriously circulated by the active opponents of J. W. Morrow, union candidate for joint senator, is to the effect that Mr. Morrow, if elected, will use his influence toward the removal of the U. S. Land Office from Burns to Baker City or some other point. While the story as it is being told is too absurd and idiotic to be believed by any who will take time to think for a moment about the matter, it is nevertheless calculated and intended to mislead and deceive honest voters. It is not at all probable that Mr. Morrow has ever heard of any scheme which had for its object the removal of the Land Office from this place, much less promised aid to it. The report is simply an absurd lie whose sole object is to turn votes from the man whom they know can't be defeated by honest methods. The lie is too thin to accomplish the work intended for it to do. Look! Look! Look!!! Bargains and drives now on at Mason & London's: \$5.00 pants selling for \$1.00. Childrens suits for \$2.50. In all the State of Oregon there was but one paper of either of the opposing forces that attempted to besmirch the character of either of the gentlemen who are candidates for governor. Singularly enough it was the Baker City Republican, published at the home of Senator Will R. King, which opened a campaign of mud-slinging upon the Union candidate for governor. At first the vile slanders of this sheet against Mr. King were copied more or less by the republican press of the State. However when it became generally known that "Col" B. F. Alley, the dirtiest "Alley" in the State, was editor of the Republican, no further attention was paid by either the press or the people to his slanderous, lying vituperations. It is a high tribute to the character of Senator King that he enjoys the enmity of such men as Alley. We present to our readers two official documents from the very highest sources showing that Alley is a fraud and impostor, a living lie. Read these copied from the Baker City Democrat: name appear on the list of Majors of that regiment. He certainly never was a soldier at all, but he holds a position as trustee of the Home at Roseburg as a soldier. Steps should be taken at once to unseat him and fill his place with a soldier, as it should be. I base my assertion upon information received from the Adjutant General, State of Illinois. Yours in F. C. & L., E. F. CHAPMAN, One of the Committee of the Soldiers' Home. And this is the contemptible cur that has set in circulation every lie he could conceive to injure Senator King. Mr. King's life has been, from childhood, an open book to the people of Oregon. Of him the people's verdict is that he is truly a self-made man, having carved his way, unaided and alone, through trials and privations of life until his strong mentality, individuality, honesty of purpose and devotion to principle have inspired the confidence and respect of all and marked him as a fearless, safe and intelligent leader of men. It will be a grand day for Oregon when Will R. King is elected governor. NOT GUILTY. E. L. Oliver, the Man who Shot Peter French, is Cleared of Man-Slaughter. On Thursday, May 19, the empanelling of a jury to try E. L. Oliver for killing Peter French, begun and it took until May 24 to get the required number. During this time 45 men were examined and finally the 12 jurymen were selected. It is impossible for THE TIMES-HERALD to give the testimony of the witnesses. There were 16 witnesses examined for the state and 19 for the defendant. The state was represented by District Attorney Parrish and Vic. Cozad. L. R. Webster, Geo. Hayes and Waters & Gowen appearing for Mr. Oliver. The case was given to the jury last Saturday at 4 o'clock p. m., and the verdict of not guilty was handed to the court about 7 o'clock, the jury being out 3 hours. NOTICE FOR PUBLICATION. Fusion Platform. United in a common cause for the sacred purpose of preserving the principles of government by the whole people, in and as well as in name, restoring and maintaining equality, under the government, of all classes, we, the people's democratic and silver republican parties of the state of Oregon, having all minor difference, and united for the purpose of carrying out the great underlying principles upon which we are all agreed, do make and present to the people of this state the following declaration of principles and to the carrying out of which we solemnly pledge each and every candidate upon our united ticket: First—We demand the free and unimpaired use of silver and gold as the present legal ratio of 16 to 1, without waiting for the consent of foreign nations; and we are unalterably opposed to the present republican administration in demanding the retirement of greenbacks, and the turning over of the money-making power of the government to the national banks, as presented by the bill drawn by the republican secretary of the treasury, and endorsed by President McKinley; and we solemnly denounce the avowed attempt by said bill to fasten the country irrevocably and forever upon the gold standard. We demand a national money, safe and sound, issued by the general government only, without the intervention of banks of issue, to be a full legal tender for all debts, public and private; also a just, equitable and efficient means of distribution direct to the people through the federal departments of the government. We demand that the volume of circulating medium be speedily increased to an amount sufficient to meet the demands of the business and population of this country, and to restore the just level of prices of labor and production. We favor such legislation as will prevent for the future the demonetization of any kind of legal-tender money by private contract. We demand the government, in payment of its obligations, shall use its option as to the kind in full money in which they are to be paid, and we denounce the present and preceding administrations for not adhering to this option to the holders of government obligations. We demand that there shall be no further issue of United States interest-bearing bonds. We demand that postal savings banks be established by the government for the safe deposit of the savings of the people and facilities to exchange. We demand the election of United States senators by direct vote of the people. We demand the initiative and referendum system of law-making in its application to the federal, state and national, and the submission by congress of all important national questions for an advisory vote of the people, until such time as the national constitution shall have been amended so as to provide for direct legislation. We condemn as dangerous and unjust the surrender, in all departments of the government, in the influence of trusts, corporations and organizations, of wealth generally, and the usurping of the highest courts of the land with corrupt lawyers, too ready to do the will of their late employers, and to set aside valid and sacrosanct laws passed by the legislative departments of the states and government, upon flimsy pretenses, at the behests of such institutions. We are opposed to government by injunction. In state matters, we demand: A simple and well guarded registration law. A more equitable mode of appointing judges of election. Stipulated laws to regulate the operation of fire traps, fire wheels and all fishing gear in the waters within the jurisdiction of the state. We denounce and condemn the corrupt and extravagant methods of legislative assemblies, and charge that the republican party, in its congresses for the spoils of office, has become diverted into wronging, and so that it is incapable of government as exemplified by the condition existing in the office of the state treasurer, there being at this time more than \$50,000 therein wrung from the people by the process of taxation, while state warrants were stamped "Not paid for want of funds." We demand that all district and county officers be placed upon salaries commensurate with the duties to be performed by them. In general we demand that each property shall bear its just and equal share of the expenses of government.

FRATERNALLY SUBMITTED, D. P. MASON, W. W. STEIWER, Committee. MR. ALLEY CALLED DOWN. Roseburg, Or., May 19.—(Editor Democrat):—I was somewhat surprised to find the following quotation which I make from an editorial comment contained in the Evening Republican of the 16th inst., referring to an opinion rendered by Hon. C. M. Heman, attorney general of the state of Oregon, in regard to Rules Nos. 13 and 14 of the rules of the Oregon Soldiers Home as recently amended by the board of directors of said home. Mr. Alley is a member of that board and as such and as the editor of the Republican he says: "During all of our service as a trustee of the Home we have maintained that the board had no right to use a dollar of the pension money and have kept it from being used although Byers, the commandant, has insisted that it should be spent for the use of the Home." The facts of the case are that Mr. Alley is the author of Rules 13 and 14 as amended. It was cowardly for him to introduce my name in connection therewith from the fact that he knows that it is my duty to enforce the law and not to make it. W. H. BYERS, Commandant. EDMOND, Or., Aug. 7, 1897. COM. B. F. BAIRD, Adj. Joe Hooker Post, No. 20. DEAR COMRADE:—You will please inform the members of your Post that B. F. ALLEY is an IMPOSTOR on the Grand Army, as I have traced up his record, and find no such man appears on the roster of Co. K. 33 Illinois, nor does his
