Elsewhere will be found a communication from John Lagan a Harney county boy who has enlisted. John has many friends here who wish him well, but we are of the opinion now that he will not get to go to Manila, since peace has been declared. We would judge from the number of pianos and organs the City Drug Store people have sold and delivered this Summer, that people are here to stay and are endeavoring to give their children the advantages they would have in larger towns. This is a good step towards civilization and should be encouraged.

A good story, based on facts, is going the rounds about a prominent citizen, says the Lodi Leader. He was cutting timber on the mountain near town. He became greatly alarmed by coming in contact with a government surveying party, who, of course, were peculiarly dressed. Thinking that he had actually run into a Spanish camp, he left his team and came to town after his Winchester. He discovered his mistake in time to have another great bloody Spanish victory.
