THERE ARE SOAPS and SOAPS. All look pretty much alike, but a little chemical testing shows great differences. Some too alkaline, some too acid, some hardly soap at all.

Now we can't make toilet soap conveniently, but we can buy the right kind and know it is right when we buy it. We have bought 500 boxes of Colgate & Co's. Choice Toilet Soaps.

The prices to you are 10 cents, 20 cents, 25 cents and 35 cents a cake. We have tested them and find they are first quality. They are our leaders and will be as long as the quality is kept up. When it isn't there will be no more of it for sale at our store.
