STEAR IN STEERS.  
Henry Long Arrested for Stealing 47 Head of P. L. S. Co. Cattle.  
For some time past there has been continuous quiet investigation on foot by the Pacific Live Stock Company's energetic agents and employes to ferret out the cause of the disappearance of stock in the Barren Valley country.  
A report became current a few days ago that Henry Long and Stan, Brisboe, the latter a former foreman for the P. L. S. Co. at the Harper, had been seen driving 47 head of the P. L. S. Co. steers in the southern part of the county, had pastured them at various places, and had driven them through Jordan Valley.  
Sheriff Lacey started in pursuit of the men one day last week and on Sunday evening returned with Henry Long in custody, and stated that the officers were in close pursuit of Brisboe.  
Long is well known in Eastern Oregon and Northern California as

Armed Indians Enroute To Izeo  
Long Creek, Nov. 17.--Since the late trouble between the settlers and Indians, near Izeo, the movements of Indians in that section are closely watched. A small band of Columbians was yesterday reported to be enroute to Izeo. They are well armed, and are said to have presented a very warlike appearance. When questioned as to the object of their visit to the Izeo neighborhood they stated that their coming was in the interest of peace, and that it was their purpose to get all the Indians in Grant county to go home. The fact that they refused to give their names gave rise to the suspicion that their mission may be of a revengeful nature. Their actions will be closely watched by the settlers. It is believed by a majority of the residents in Southern Grant that there will be no more trouble.

A. J. Johnson, of Astoria, who had charge of the Oregon forestry exhibit at the Omaha exposition, arrived at the Perkins yesterday, wearing a smile as broad as the

mouth of the Columbia. Of the seven carloads of stuff sent to the exposition he brought back only one, consisting of mineralogical specimens, jars of preserved fruit loaned by the Horticultural Society, forestry pictures borrowed from the Southern Pacific Company, etc. The remainder of the exhibit was sold, donated to museums or given away, some of it to go to Europe. Everybody wanted something out of the Oregon exhibit, which carried off more medals and diplomas than were awarded to any other state. H. E. Doseh will arrive in a day or two with another car loaded with gold, silver and bronze medals and diplomas. Mr. Johnson was looking around town yesterday for some suitable place to display the medals and diplomas, and says there is no window big enough, and probably he will have to hire a hall to exhibit them in. In addition to the 22 gold medals and some 70 other medals, there are 129 diplomas. It used to be Yamhill that beat the world, but now it is the whole state.
