The usual solemnity and quiet of Sunday afternoon was disturbed last Sunday by the Chinese celebrating their New Year. There was a regular fusillade of fire crackers lasting for some time and standing room on the sidewalk near China Ben's house was at premium. The small boy was happy and things took on quite a fourth of July air for a while.

Portland, Or.—(St. Vincent Hospital) February, 9th 1899.—En. THE TIMES-HERALD:—I wish to say to my many friends in Burns and vicinity that I am at St. Vincent Hospital under the care of Dr. Smith. I had an operation performed on my leg Jan. 31st. The doctor found it necessary to take nearly all of the bone out that was affected, nothing is left but a thin shell. I am confined to my bed and expect to be for some time, but when I do get up this time I hope it will not be very long before I am shaking hands with friends in Burns again.

The mask ball, given by Inland Circle W. of W. last night, was quite an event, being a success in every particular, the receipts being \$80. We are glad to send sample copies of THE TIMES HERALD to those desiring them, but would ask that they write their name and address plainly. We received a letter this week from a party in the east asking for a sample copy and stating that he contemplated coming here to locate. The letter was well written and plain until we came to the name, it looked like the signature of some bank cashier who was afraid of it being forged. The initials and name were all mixed together. Now we are satisfied he is a good man and would make an excellent citizen, but how in the world can we send the paper?

"Hazel Kirke" was played to a crowded house last Friday night. The general public were well pleased with the performance and the participants have been congratulated and highly praised on every hand upon their success. The play, naturally did not please all, as it is rather sad, and we have a certain class who can only appreciate the funny part and call the real good part "bum" because they fail to get the spirit of it. Nevertheless we think from what has been said "Hazel Kirke" has given the best general satisfaction of any drama rendered by local amateurs.

We have the first two numbers of "The Soldier's Letter" an illustriated monthly magazine published in Manila P. I. The copies were sent by Sgt. C. Kaufman, of the same company of Oregon boys—of which our former fellow towns Robt. Huston, is Lieutenant,—to his wife here. It was through the kindness of the latter that we were able to peruse them. The magazine was launched for the purpose of giving the people an exact idea of the Philippines and is devoted to the U. S. army and navy at Manila. The November number describes the general appearance of the forts after the bombardment of the city of Manila, the work of the Red Cross, the rail roads, and numerous short sketches, poems, stories, etc., all nicely illustrated by half-tone engravings. The December number shows an improvement in both mechanical work and subject matter with several pages of advertising. One amusing thing that caught our eye was mentioning the soldiers and sailors field day which was to take place New Year's day was to be one of the greatest events ever witnessed in Manila. It says: "Three kegs of beer have been donated by the American Commercial Co. to all those who take part in the exercises while various other firms in the city have contributed liberally to the Boys in Blue." It seems from reading father that they all wanted to be in the exercises.

The fire engine was put to good service the latter part of last week. The sudden thaw filled N. Brown & Son's cellar with water and in order to get in to get things out, it was necessary to pump out a lot of water. There were a few things spoiled but the damage was not very great.

"I am not much of a mathematician," said the cigarette, "but I can add to a man's nervous troubles, I can subtract from his physical energy, I can multiply his aches, and pains. I can divide his mental power. I can take interest from his work and discount his chances of success."—Ex.

Recorder Judah, Salem's new city recorder, married his first couple the other day. He said: "Stand up prisoners. Now by the authority vested in me I declare each of you sent up for 10 days unless you can jig up \$5 from your jeans, in which event you can go free, and may God have mercy on your young souls. We will omit kissing the bride as the court is very busy."

Two Cold Feet

are common afflictions, so common, in fact, that I have laid in an extra supply of

HOT WATER BOTTLES

for the aid and comfort of all frigid-footed people.

The extra supply I mentioned means a good deal. You know the difference between buying a few cheap water bottles and buying a lot cheaply. I bought a lot at a low price. You can buy the same way. The

SECRET OF SUCCESS

is often in adopting available means to certain ends. The hot water bag or bottle beats the old-fashioned hot brick, and makes sleigh riding an enjoyable success. The hot water bottle has so many uses—as a foot warmer, as a means of applying heat in sickness even as a factor in sleighriding, that every family should have from one to half a dozen. At my prices every family can.
