The Filipinos are making the mistake of their lives in not surrendering and "getting in" at once. President McKinley, by his new civil service amendments has just thrown open 4300 more political jobs.  
 The perfect imprint of a human foot has been found in a block of stone lately quarried in Santa Barbara county. Some prehistoric Californian papa must have put his foot down real hard in some ancient-day flirtation of his fair and flighty daughter.  
 The Los Angeles lady who took a shot at the man whom she thought responsible for keeping her husband out late at night is evidently determined to have a happy domestic life, even if she has to kill somebody. Everybody, except the man she made a target of, will feel for her.

 Used in Millions of Homes—40 Years the Standard  
 Why  
 Do people buy Hood's Sarsaparilla in preference to any other,—in fact almost to the exclusion of all others?  
 They know from actual use that Hood's is the best, i. e., it cures when others fail. Hood's Sarsaparilla is still made under the personal supervision of the educated pharmacist who originated it.  
 The question of best is just as positively decided in favor of Hood's as the question of comparative sales.  
 Another thing: Every advertisement of Hood's Sarsaparilla is true, to honest.

 A man who has been planting the best of all seeds for many years, and has been successful in raising the largest and finest crops of corn, wheat, and other grain crops in the world. Ferry's Seed Annual for 1900 contains the names and addresses of the seedsmen who supply the world with the best of all seeds.

 If your tea is not good, why don't you drink water? It is cheaper and better for you than poor tea. If it is good, your stomach is glad to get it; does its work better. Schilling's Best is good tea—at grocers' in packages. You know coffee is used fresh-roasted. Tea ought to be—for the same reason—the taste. Ours are the only tea-making works in the United States; Schilling's Best is always fresh-fired when it leaves our hands.

**Rich Red Blood**  
 Blood is absolutely essential to health. It is secured easily and naturally by taking Hood's Sarsaparilla, but it is impossible to get it from so-called "nerve tonics" and opiate compounds, absurdly advertised as "blood purifiers." They have temporary, sleeping effect, but do not cure. To have pure
