A few weeks ago we invited those who were about to send their orders out to the department stores to submit them to us and get our prices. Several persons have done this with the result that we filled the orders, the money was kept in circulation here, and the purchasers were more than satisfied. The merchant who buys in large quantities gets lower prices, quality considered, than are in catalogues. If he doesn't he can't do business on a profit. We haven't got down to the \$1.49 or \$1.99 basis yet, but we let 'em go at \$1.50 to \$2 and we believe that the average man or woman will concede that much to the home merchants. Back From Alaska.

Thos Anderson who left here about three months ago for Alaska returned last week. Tom tells his friends he came back to spend the 4th of July in Burns but the fact is, he found no inducements up there. In conversation with THE TIMES-HERALD man Mr. Anderson said he did not go through to Dawson; Lake Bennett being the farthest point in the interior he visited. He thinks that section the most overrated he has heard of and there is nothing for a working man there. He found Ed Hanley and Jack Dalton doing very well with their pack train, but the gold so much advertised is not so plentiful and in fact hard to find and still harder to get. Tom was offered \$75 per month to work, but preferred to come here and if necessary work for half the amount, as he could save more money and not have such hardships to endure as in that section. His advice is to stay away from Alaska.

House Burned.

The building occupied by Mrs. Nannie Byerley near the Island was burned with all the household furniture and supplies last Saturday evening. The fire caught between the ceiling and roof of the kitchen while Mrs. B. was at the corral milking. The house was not of much value but the lady had just laid in over \$100 worth of supplies which were all burned with all her clothing, furniture etc. They only saved a few things as the fire spread rapidly, the walls falling in less than 10 minutes after the fire was discovered. There was no insurance. The loss is to be deplored as Mrs. Byerley is a widow and had to work hard to support herself and two children.
