

More Railroad Talk.

The traffic of Grant, Malheur and Harney counties belongs to Baker City," said Mr. Charles Flynn, discussing the railroad question.

There is another great reason for not only building through the mines, but to Burns—it would be easy to extend the road to Roseburg, Ashland, or a junction in Northern California with the Southern Pacific.

The stock sheep and wool produced in Grant, Harney and Malheur counties have their natural market in the East. We get some of it now, the stock being driven here on the hoof for shipment.

Yesterday 12 cars of sheep, driven in from Grant county, were shipped out over the O. R. & N. for Chicago. Tomorrow 20 more car loads are booked for shipment.

Business is so increasing here that the O. R. & N. has had to increase its force in Baker by employing a new clerk, Mr. P. H. Murvane, from Mt. Pelier, Idaho.

What would the traffic be if there was a railroad through the mining districts to Burns?—Baker City Republican.
