He knew but little of what the senatorial contest at the capital would bring forth, but thought the deadlock would continue for some time yet. In the event of a break he was inclined to think that Hon. Hinger Hermann would come nearer winning out than any one else. We regret to state this week that the Malheur County Herald has suspended publication for the present. Brother Ploughoff's family was visiting Mrs. Ploughoff's parents at the White Settlement when Frank McKee, who was stopping there also, took the small pox. Not being allowed to bring his family back to Vale, Mr. Ploughoff began to worry so much about their welfare that he at last concluded to let the paper stop for the present and join his family. He has our sympathy in his misfortune.—Vale Gazette.

The Paisley correspondent to the Lakeview Examiner, says: The press for "The Chewaucan Post" arrived Friday evening, and the town of Paisley can soon boast of a newspaper. This is an enterprise that should, and will, receive the patronage of the northern part of Lake county, for, with a newspaper to scatter abroad in the Eastern States the facts of the vast undeveloped resources of our beautiful, fertile valley of the Chewaucan, with its abundant water power—where in years to come will be heard the roar of machinery, the whistle of the locomotive, and the roll of electric cars—then what Paisley be to Lake county what Portland is to the Willamette valley; with the passage of proper irrigation laws, national and state, the River Chewaucan will be carried in channels to the south and north, so that our new fertile, but dry lands, will blossom as the rose. Equitable irrigation laws must follow as a result of progressiveness—subject law in this regard, to the detriment of many and benefit of few, must necessarily pass from resistance to support in later.

New outing flannels. N. Brown & Sons.

John E. Lathrop, at the home of Mr. and Mrs. William Parsons, on Court street is gradually regaining his health. It is aggravating to him to be so slow in getting stout, but as severe an attack of typhoid fever as he had left him decidedly weak. A little more strength and bright days of sunshine would make a combination that would enable him to be out for a promenade.—East Oregonian.

Mountain lions are being driven by the snow down from their lair into the valleys in numerous sections. A short time ago Henry Cullens, a Hot Spring Valley rancher, killed a big lion in his feedyard, and a few nights later another monster was seen at the Creighton ranch near Glenburn, in Fall River valley. One night last week at Frank Wilson's ranch at Crooked creek, this county, a cougar killed two cows, and tracks of several big fellows have been seen in various directions. A cougar or mountain lion, will go far and overlook most any other kind of stock, in order to get a horse or colt for his prey. They like horse meat, and when hungry are so ferocious that young colts are easy victims.—Lakeview Examiner.

Drs. Marsden & Geary operated on Harry Loggan yesterday afternoon for appendicitis. The young man is resting very well today and although his case is considered very serious it is thought he will soon recover.

The latest Oregonian received here states that John H. Mitchell tried to capture the democratic caucus at Salem the other day, but failed. This is startling, indeed. The democrats were not elected to vote for Mitchell or any other republican candidate for U. S. Senator. The democrats have been voting for an excellent man and if they should get a few disgruntled republicans to vote with them Oregon would be sure of a good conscientious straightforward man as U. S. Senator.

Last Thursday evening at the Presbyterian Mause, the marriage of Mr. W. H. Decker and Miss Flora Miller was solemnized in the presence of a few friends. Rev. G. W. Black of the Baptist church officiating. The bride is a charming young lady who during her short residence in Burns has made many friends. She is the eldest daughter of Mr. and Mrs. L. Miller of Chariton, Iowa, and a cousin of Mrs. A. J. Irwin of this place. Mr. Decker, although a recent arrival to our city, is a young man of steady habits and many good qualities. While he is comparatively a stranger in Burns, he is well liked and respected by all his acquaintances. Coverlets of Some People.

A newspaper man was asked to publish an article roasting a citizen.

"Certainly," he said to the caller, "what shall I say?"

He was furnished an outline of what was wanted and wrote a scorching.

"That's splendid," exclaimed the friend when the article was read to him, "that's right, that'll make his old hair crinkle."

"All right," said the editor, "let me see, what are your initials?"

"Good heavens!" said the citizen, "you are not going to sign my name to that!"

"Why not?" asked the editor.

"I wouldn't have anyone know I had anything to do with that for the world. I couldn't afford to get into a scrape with my neighbors."

The editor smiled benevolently and said: "Why should I mix up in a scrape that does not concern me? Why should you expect me to assume the blame for an article to which you are afraid to sign your name?"

The man stopped his paper and went away mad.—Ex.
