Dividing the Desc.

The Philadelphia Record tells a story of a physician that city who was called to see an old Irishman and his wife down with colds. He advised quinine and whiskey as an antidote. "You best both take it," he said, "Take it every three hours—two grains of quinine and a swallow of whiskey." The next day he called again. The man was up and about, but his wife was in bed. "Did you follow my instructions?" asked the doctor. "To the letter," replied the husband. "How much quinine have you left?" was the next question. "Sure, I think she have taken the whole of it," said the man. "And didn't you take it too?" asked the doctor. "Divil th' bit," was the reply. "Begorrah, it kept me busy takin' the whiskey every time she took a pill, and sure she's in bed and O'im up."

The Spaniards are said in some respects to be the best irrigators in the world. They have irrigated the same lands for over three thousand years. They were past masters at the art when Caesar conquered their country, and they have been constantly improving and extending their works. All the irrigation works of the kingdom are under government control and supervision, and there is no conflict of water rights or titles. In this respect old Spain is far ahead of the United States. Since the loss of her island possessions, Spain has been enlarging and extending her irrigation area.—Eugene Guard.

It requires a good many horses to equip the cavalry branch of the United States Army. Even in times of peace military duties in the West demand many horses, but since our trouble in the Philippines the demand has been multiplied. Good cavalry and artillery horses are very essential in the services, and the right kind of horses bring good prices. The horse market now is healthy and values are strong, although there were those a few years ago who predicted that the trolley and the automobile would make horse raising unprofitable.—Ex.

Eunston—the man from Kansas.

William Allen White will contribute to an early number of The Saturday Evening Post, of Philadelphia, a striking anecdotal article on "Fighting Fred" Eunston, the man who captured Aguinaldo. This is the second of a series of remarkable character studies by this brilliant journalist now appearing in The Saturday Evening Post.

Mr. White will also contribute to early numbers of the magazine an unusually interesting short serial story dealing with Kansas life.

When Governor Stanley of Kansas was elected a second time he rashly promised to give a solid silver cup to each set of triplets born in the state during the term. He has already been called on to furnish 15 mugs and has other applications on his desk which must wait until salary day comes around again.—Ex.

Now that the band boys and fire department have decided to take charge of the Fourth of July celebration, they should lose no time in making preparations. The arrangements should be completed at as early a date as possible.

Preparations are going right along toward getting in shape for the big horse sale May 20 to 22. The stock yards are being built at the fair grounds.

The State Military board has decided upon the plans for the annual encampment of the Oregon National Guard, and will soon announce the time when it will be held. The Third Regiment in Portland will engage in practice march; the Fourth Regiment at Eugene, will go into camp at that place; the First Separate Battalion go into camp at LaGrande, and the two troops of cavalry and the Light Battery engage in practice march.

The grading of Zeigler lane has begun and when Mr. Johnson gets through with the contract we will have one more good graded road in Harney county. The culverts and grade in the Howser lane near Harney, are in a very bad condition and the court should have them repaired before some damage is done.

The people of Malheur county still keep the court house flight hot. It's a pity the matter cannot be settled at once and stop the strife between Vale and Ontario. The matter of permanent location of the county seat will continue to be agitated until a vote is taken on the matter, so the sooner it is settled the better for all parties concerned.

An application to organize a military company an Heppner was denied by the military board. It will form no new companies at this time. There has been some talk of organizing a company here and some will be disappointed when they learn of the policy of the board.

One hundred and forty-eight blocks in Jacksonville, Florida went up in smoke last week. The loss in property is estimated at \$15,000,000 and over 10,000 people are homeless. Late advices report loss of life but to what extent is not known.

Burns now has four baseball teams and can meet any class that may desire to cross bats with them. One team is made up of boys 12 years old and younger. We hope the boys will do some practice work and that we can have a good game on the Fourth of July.

There is small likelihood that the United States will give Cuba the momentary "liberty" about which the commissioners speak. For have we not read somewhere of "O, Liberty, what crimes are committed in thy name?" Uncle Sam does not take chances.—Republic.

The official title of the big fair to be held in Portland in 1905 will be "The Lewis and Clark Centennial and American-Pacific Exposition," to be surmounted by "Where Rolls the Oregon."

Three years ago today the Philipides discovered Dewey says the New York World of May 1st.

Let the people of Eastern Oregon never cease protesting against the leasing of the public lands for grazing purposes.—Vale Democrat.

Paul DeLaney has resigned his position as editor of the Democrat at Vale. R. E. Gray has succeeded him.

The Pan-American exposition at Buffalo, was opened last week.

"My ragged friend," said the elderly gentleman with nothing else to do, "I read a story in one of the daily newspapers about a man that dropped dead after drinking a glass of beer. Was not that horrible?"

"Might have been worse," said the object of charity.

"How?"

"He might have dropped dead before drinkin' it."—Indianapolis Free Press.

A Great Newspaper.

The Sunday edition of the St. Louis Republic is a marvel of modern newspaper enterprise. The organization of its news services is world-wide, complete in every department; in fact, superior to that of any other newspaper.

The magazine section is illustrated in daintily tinted colors and splendid half-tone pictures. This section contains more high-class literary matter than any of the monthly magazines. The fashions illustrated in natural colors are especially valuable to the ladies.

The colored comic section is a genuine laugh-maker. The funny cartoons are by the best artists. The humorous stories are high class, by authors of national reputation.

Sheet music, a high-class, popular song, is furnished free every Sunday in the Republic.

The price of the Sunday Republic by mail one year is \$2.00. For sale by all news dealers.

Bright Boys Started in Business.

The publishers of the famous big illustrated weekly newspaper, PENNSYLVANIA GUY, are now placing representatives at every post office in Oregon, and they desire to secure the services of capable hustling agents in each of the following towns in Harney county: Burns, Drewsey and Harney, and in such other towns as are not already supplied. The work is profitable and pleasant. A portion of Saturday only is required. No money whatever is required. Over 5000 agents are doing splendidly. Everything is furnished free. Stationery, rubber stamp, ink and pad, advertising matter, sample copies, etc. Papers are shipped to be paid for at the end of each month. Those not sold are not charged for. Write to Grit Publishing Co., Williamsport Pa., and mention THE TIMES-HERALD.

START A BUSINESS OF YOUR OWN.

Our new book entitled "40 MONEY MAKING IDEAS" is worth its weight in gold to every man who wants to start a legitimate, paying mail order business. It tells you what to do and how to do it successfully. Send us 50c today and we will send you the book, and a valuable monthly journal one year free. CENTURY PUBLISHING CO., BOX 73, HERON LAKE, MINN.
