

We regret to say that on account of scarcity of help in our mechanical department The Times-Herald will not issue a morning edition during fair week. Printers cannot be had in this "neck o' the woods" at this time.

If the stockmen of the other range counties of Eastern Oregon will take decisive action in the way of opposing the land leasing propositions, as has Stock Association of Harney county, we can feel much safer about it. Of course there are other states that will fall in line. All that is necessary is to show our members of congress that the people of the range districts are opposed to it. Harney county has taken the lead in this matter. We hope to see other counties follow suit at once.

The second annual Harney county fair will open next Monday. Although the season has been unfavorable and crops light, there will be a very creditable display of products at Floral hall next week and many attractions that were not included in the original program. Manager Smith expects a good stock exhibit and the race program will be quite an attraction. Several good horses are in training for the meet and the gentlemen's road race will no doubt be the best on the card. Several valuable special premiums have been added to the list recently which add materially to the interest of the exhibitors. The pavilion program will be attractive and will furnish enjoyment every evening.

Hi Manning made a sale of his band of 2600 sheep last Friday to Dan Malloy and John W. Tucker at \$3 for all over a year, and \$1.75 for lambs. Malloy will go with them to the desert. Manning is out of the business for the present, and says he will take it easy this winter and if everything is favorable will again engage in woolgrowing in the spring. Quite a number of our woolgrowers have gone out of the business this summer. There are two reasons for this sudden change, it is said, namely, the probability of a severe winter and the present good prices for sheep prevailing and the uncertainty of what may be done regarding the leasing of the public domain.—Lakeview Examiner.

We have been shown a circular letter from Edward Everett Young, a commissioner of the Lewis & Clark exposition to be held in Portland in 1905, which was sent to Representative Geer asking him to express his views on the matter of state appropriation. He urges an extra session of the legislature to appropriate \$1,000,000—bonding for a period of 20 or 40 years.

As yet Mr. Geer has not sent a reply as he does not know the feelings of his constituents in the matter. According to the pro rata state taxes such a move would cost Harney county \$16,000. Would it be of enough benefit to us to justify the expenditure, is the question. That the Lewis & Clark Centennial Exposition will be of vast benefit to Oregon and the Northwest in general, there is no doubt. But to Harney county, way off from the railroad where it will not be seen will it be worth \$16,000?

Some cattle buyers are trying to make the farmers believe that stock is going down on account of the drought in the east—Kansas, Missouri, etc.—there being an overrun of stock to the market because there will be no food for it. This effect on the market may be of a very short duration. It will not effect the good fat stock to the extent that is expected. There will no doubt be a

part of the stock that will be used in army rations and other canned supplies, but as soon as this rush is over the public will be demanding their good steak just the same as they now are. And as Missouri, Kansas, etc., will not be able to supply it, it must come from some place else. The stockmen will have to hold their stock over a little longer, but they will bring a better price this fall, winter and spring.—Pacific Farmer.

ANARCHIST PLATFORM.

An exchange says: The pabulum upon which Czolgosz and his class have been nourished was brought to light during the assassins examination in Buffalo. The platform of the Free Society binds its members together to advocate the work for the destruction of the existing social order and continues:

"As, in former times, no privileged class ever relinquished its tyranny, no more can we take it for granted that the capitalists of the present day will forego their privileges and their authority without compulsion. It is therefore self-evident that the fight of the proletariat against the upper and middle classes must be of a violent character, and that mere wage conflicts can never lead to the goal.

"We show by numerous illustrations that all attempts which have been made in the past to do away with the existing monstrous social system through peaceful means—for example, the ballot-box—have been useless, and will be so in the future. We know, therefore, that the ruling class will not voluntarily relinquish its prerogatives and will make no concessions to us. Under all these circumstances there is only one remedy left—force.

"Our platform is simple and divided as follows:

"First—Destruction of existing class domination through inexorable revolution in international activity.

"Second—The building of a Free Society on communistic organizations of production.

"Third—Free exchange of equivalent products through the productive organization without jobbing and profit-making.

"Fourth—Organization of the educational system upon a non-religious, scientific and equal basis for both sexes.

"Fifth—Equal rights for all without distinction of sex or religion.

"Sixth—The regulation of public affairs through agreement between the independent communes and confederacies.

Teachers Institute.

County School Supt. J. C. Bartlett held the Teacher's Annual Institute on the 23, 24 and 25. It was expected that State Supt. J. H. Ackerman and Dr. J. A. Beattie, president of the Weston Normal School, would be here and conduct the work, owing to various causes they failed in their appointments, and the work of the institute fell largely upon Profs. Finn and Leonard.

The attendance was above the average and all present seemed to be greatly benefited and manifested a deep interest in their work. Quite a large number of visitors were present who expressed their sympathy in school work.

It was gratifying that every teacher in the county was present. This is a good showing for Harney county and speaks well for it's schools. The following teachers were in attendance:

A C Finn, H A Dillard, Rosetta Eastland, Lena Harkey, Frances Donegan, C H Leonard, Katie Bennett, Ollie Rutherford, Bessie Harkey, Alice Smith, Susie Smith, Jacob Shown, W R Rutherford, Mrs. Cochran, Zoe Balfour, Myrtle Porter, Mary Thompson, Ella Thompson, Julia Greely, Mrs Griffin, Gerald Griffin, Nellie Cross, Mary Davidson, G O Hendricks, Margaret Porter.

Kodaks

The absolute simplicity of the EASTMAN KODAKS has been the secret of their success, in fact so easy has photography become that any bright boy or girl of 10 years can successfully accomplish every step in picture taking, from "pressing the button" to "doing the rest."

We have a full line of these Kodaks and are always glad to explain them to anyone interested in this fascinating amusement.
