A BUSINESS COLLEGE.
One To Be Started In Burns, Not As An Experiment But As A Permanent Institution.
 Prof. M. E. Rixby, once principal of the Medford business college, has been in our city for several days interviewing our citizens in regard to establishing a business college here.
 He met with such success that a school will be opened on November 4th. Much is due to Mayor Kenyon for the launching of this enterprise for it was to him that Mr. Rixby first went and explained the terms he wished to start on. These terms of course, requested some little financial aid from our citizens and Mr. Kenyon, seeing the requirements were very reasonable, promptly went to work.
 Our citizens responded nobly, as only enterprising and wide-awake men will do, and a suitable room was secured which will be furnished by them. Prof. Rixby asks for nothing better than to take his chances for the rest.
 The Professor comes highly recommended and has testimonials from Medford citizens that we know would not attach their names thereto if the recipient were not worthy. He is a man of determination and always sees a "silvery lining through every dark cloud."
 Last Thursday evening a meeting was held at Parrish & Rembold's office and a board of regents and finance committee were elected, as follows: I. S. Geer, James Dalton, Gus Rembold and H. E. Thompson, board of regents C. E. Kenyon L. Woldenberg and H. M. Horton, finance committee.
 The school will open with an entertainment program to which all are cordially invited.
 With the usual push and energy that is manifested by the citizens of this community given to this enterprise we bespeak for it a phenomenal success.

Kodaks
 The absolute simplicity of the EASTMAN KODAKS has been the secret of their success, in fact so easy has photography become that any bright boy or girl of 10 years can successfully accomplish every step in picture taking, from "pressing the button" to "doing the rest."
 We have a full line of these Kodaks and are always glad to explain them to anyone interested in this fascinating amusement.
