

DEMOCRATIC TICKET.

- For Governor—GEO. E. CHAMBERLAIN. For Supreme Judge—B. F. BONHAM. For Secretary of State—D. W. SEARS. For State Treasurer—HENRY BLACKMAN. For Attorney General—J. H. RALEY. For State Printer—J. E. GODFREY. For Supt. Public Instruction—W. A. WANN. For U. S. Senator—C. E. S. WOOD. For Congressman First District—W. F. BUTCHER. DISTRICT TICKET. For State Senator—WM. SMITH. For Representative—E. H. TEST. COUNTY TICKET. For Judge—W. C. BYRD. For Clerk—FRANK S. RIEDER. For Sheriff—GEO. SHELLEY. For Assessor—W. E. ALBERSON. For Treasurer—J. M. DALTON. For Commissioner—EDW. J. CATLOW.

The suggestion of F. C. Lusk that our legislature should do something to prevent roving bands of sheep from devastating the ranges of the various counties of Eastern Oregon that should be used by home stockmen who pay taxes, is timely and should receive the attention and hearty support of every stockman who is a fixture and a tax payer. That there is range enough for every head of stock on the assessment roll of Harney county is conceded by all. It is also a well known fact that Harney county is over run by migratory bands of sheep every summer which are pastured on our range to the detriment of our stockmen who help to bear the expense of state and county. Other states have laws to prevent this to a certain extent and tax these migratory stock in each county. No matter if they are on an assessment roll of an adjoining county or state, they should help bear the burden of taxation where they are pastured. We hope our representatives will push this matter in the next legislature.

In order that the voters of Harney county may not be led to place Geo. Chamberlain in the false light on the Philippine question which Judge Webster pictured him on last Saturday night we give below his exact position on this question and let the voters judge whether he advocates "scuttle" or not: The United States holds valid title to the islands. The business interests deserve to be recognized by the inauguration of free tariff relations between the island and this country. The people of those islands deserve to be treated according to the same principles that obtain in the treatment of all territories of the United States. When, and not before they are fit for self-government, they should have it.

The friends of "Daddy" Byrd feel confident he will be elected county judge. His wide acquaintance and long residence in this county gives him an advantage. He is meeting with very flattering encouragement from every section. Those who attended the republican "Post" at Floral hall Saturday night didn't hear Judge Webster say anything about Geo. E. Chamberlain defeating him for attorney general in Oregon a few

Ex-Senator Henry Blackman, who at one time represented Harney, Grant and Morrow counties in the upper branch of the legislature, was honored with the nomination for state treasurer by the democrats. This was given him unsolicited. During his few days' stay in our midst this week Mr. Blackman has been renewing acquaintances and making new friends. His record in the legislature is such as to gain the warmest friendship of the voters of this section. He did more during his term for this county than has ever been done before or since. We will speak particularly of this later.

The voters of Harney county feel that Geo Shelley should have a second term as sheriff. He deserves this. A man that has fulfilled his duties to the best of his ability and existing circumstances, who has collected every dollar of the delinquent taxes that have been neglected for years and amounting to thousands of dollars; whose books are straight and routine office work and records always ready for inspection will appeal to the taxpayers and they will rally to his support.

The office of county commissioner is one of great importance to the taxpayers. It should be filled by a man of good, careful business qualifications who is vitally interested in the county and its welfare. Such a man is Ed. J. Catlow, the young man from the south end where the taxpayers would appreciate recognition of their claim for representation in the affairs of the county.

James Dalton is doing some good work in the line of canvassing the county and is making friends among the voters in all sections. His chances for being elected to the office of county treasurer are brighter every day as election time draws nearer. Mr. Dalton is a man of ability and strict integrity, in whose hands the funds of Harney county would be safely intrusted.

What superior ability have the republican candidates for the various offices of this county over the democratic candidates? Are their qualifications as good? The voters fail to see it if they have. The democratic ticket is made up of strong, able men and has the best of the campaign in every particular. It will therefore be elected.

We again assert that no man in Harney county is better qualified for the office of assessor than W. E. Alberson, the democratic nominee for that position. His former experience in that office and the fact that he is a man of excellent judgment, together with his wide acquaintance with the taxable property make him the proper man for the position.

F. S. Rieder, by past experience in the office, is just the man for county clerk. He has not only his qualifications, but actual experience to insure the taxpayer of Harney county of the records being well and neatly kept. Mr. Rieder is making a gentlemanly and clean canvass of the county and is meeting with flattering encouragement wherever he has been.

If congressmen were elected on their merits and ability, Col. Butcher would roll up the biggest majority ever received in this section after the feeble efforts of his opponent at Floral hall last Saturday night. Williamson may be a good shepherd but would "cut no ice" in Washington as a representative of this great state.

Judge Webster said in his speech last Saturday night that the republicans had passed the only anti-trust law in the United States. He did not add that the Sherman anti-trust law had been pronounced defective by some of the ablest jurors and that the republicans, although in power, are doing nothing to make it effective.

DEMOCRACY'S OUTPOURING TO GREET COLONEL BUTCHER, ITS CONGRESSIONAL NOMINEE.

The Gentleman Gives the Party's Attitude on the Supreme Questions of This Campaign—Other Speakers.

If eloquence and logical reasoning and a business-like and comprehensive address will accomplish anything; if an enthusiastic and responsive audience indicates approval and endorsement; if ability and energy are worthy of support and advancement, then Colonel Butcher's address last night at the court-house will be the means of giving him a rousing majority on the 2d of June.

He was greeted by a large audience, which filled the edifice to its capacity. Many came long distances to hear our nominee for congress, "the little cyclone," and they were enthusiastic. Rounds of applause interrupted the speaker at frequent intervals. Colonel Butcher spoke for an hour and thirty minutes, and touched on every phase of the issues now before the people. He spoke in a straight forward manner, making his views plain on each subject, and no member of the audience can say that any part of his remarks were unfinished or left in doubt.

Our fellow-citizen, Thornton Williams, was the first speaker, and created considerable merit in searching his pockets, after he arose, for his speech. Not finding it, he remarked that he was in the same boat with Mr. Furnish when the latter lost his speech at Ashland. Mr. Williams needed no written speech. He spoke thirty-five minutes, touching on the various state, district and county candidates. His remarks were well received.

Hon. Henry Blackman, our nominee for state treasurer, next took the platform and made a few remarks in his own behalf, and for his past services this county will give him a big majority of the votes cast next month. At the close of his remarks Mr. Blackman was given three rousing cheers.

Colonel Butcher was then introduced and proceeded at once to capture the crowd, which gave him close attention. He stated his position on land leasing and gave his reasons for opposing it. He favors Chinese and Japanese exclusion; showed the democratic attitude toward the Philippines to be right in line with the policy of President Roosevelt as expressed by Senator Beveridge of Indiana in a recent speech. These remarks brought out the fact that if the democrats of Oregon were running on a "scuttle" policy that the administration advocated "scuttle" also. He favors the initiative and referendum and gave his reasons. In fact, he treated every issue with frankness, bringing out his views vividly and with no tendency to slight anything.

Colonel Butcher left this morning, accompanied by the Burns Band and a delegation of our citizens, for Harney and Drewsey, speaking in the former place at 9:30 and the latter this evening. In our next issue we shall give a more complete resume of his address.

His reception here was warm, and the democracy feel that not he alone was benefited by his visit, but the entire state ticket acquired new strength, as he spoke his views fearlessly and placed his party in a most favorable light before the public of this section, where it had been misrepresented by former speakers and the Oregonian.

Mr. Blackman, democratic candidate for state treasurer, has always taken a great interest in the Burns Band, and on September 11, 1890, gave it a beautiful flag and staff. The boys have the staff yet, but moths have destroyed the flag. At the conclusion of his remarks at the democratic meeting last evening, Mr. Blackman said, if elected, he would buy the boys a new flag, "and if I'm not elected," [he hesitated and scratched his head] "I'll buy it, anyhow." The band boys responded by rising in their seats and giving him three rousing cheers.

David Carey, the democratic warhorse of Crane creek, came sixty miles to hear Col. Butcher speak. Dave never overlooks any of these good things.

Burns Will Celebrate.

At a mass meeting of our citizens, held at the court-house on Thursday evening, it was the unanimous opinion that we should celebrate Independence Day in a fitting manner.

Mayor Cummins was made general chairman, with power to appoint all subcommittees necessary to carry out the required preparations and program. Active work will begin immediately, and the arrangements for the day will include the participation of the fire department, Burns Band and the baseball clubs in the celebration. In our next issue we hope to be able to give the program in its entirety, and can assure our readers in the various parts of the country that they will be the recipients of royal hospitality should they celebrate in Burns.

Yours truly, E. H. TEST.
