Mr and Mrs A W Howser, the old pioneers who live near Harney, were down last Sunday, accompanied by their whole family. This is the first time they have all been together for many years. Their children live in different states and they were down for the purpose of getting a family group photo.

Ex-County Judge James A Sparrow took his departure last Sunday for the East where he goes to attend to some business interests that demand his attention. Judge Sparrow has just closed the best administration of county affairs ever given the people of this county. Four years ago when he assumed the duties of county judge he found considerable indebtedness. By sound business principles and judgement, holding official obligations sacred, and divorced from partisanship, he with the assistance of the commissioners, overcame this indebtedness, and left his successor a neat sum in the treasury to begin on. Judge Sparrow did not court popularity by favoring any set or clique, consequently was not appreciated by many. We were fortunate enough to get some potatoes to plant, a friend gave us some cabbage plants and we bought 15 cents worth of onion and radish seed, and now we can't get a wind mill raised.
