The Times-Herald.

SATURDAY, OCTOBER 4, 1902.

JULIAN BYRD - - - - - Manager

The Times-Herald feels it owes an apology to its readers for getting out such poor editions last week and to-day. The force is busy getting the office ready to install the big plant which is expected here in a few days. As soon as this is accomplished it will not need to make excuses.

The people of this section should give their attention to a rabbit drive—and not only one but many. The grain crops of next year will suffer if this matter is neglected. Some one start the ball to rolling.

From present indications wood will be a scarce article in Burns this winter. The delinquent subscriber who reads this is requested to bring in a few cords to this shack and get credit.

We are still receiving letters of inquiry from various sections of the United States regarding Harney county and its resources. Are the people going to do anything toward issuing a pamphlet on this matter?

Mrs Florence Atwood, president of the assembly, R. D. I. O. O. F. of Oregon, died at her home in Baker City last Sunday.

Not being able to get a complete list of those winning premiums at the fair last week, we could not give it as promised last week.

Your attention is called to the card of the Baker City Optical Co. in this issue. The institution claims to be the only fully equipped between Portland and Salt Lake. We can recommend careful and scientific work by this company.
