SANTA CLAUS has not forgotten the little ones—nor the big ones either—at the Burns Furniture Store. Call before completing your list.

STOLEN—On the night of Oct. 9, 1902, from Henry Kelsey, on Deep creek in Steins Mountain, one light sorrel horse with strip in face, branded and vented with HIF on left shoulder. Information leading to the arrest and conviction of the thief, or the return of the horse to R. H. Brown's ranch near Diamond, will be liberally rewarded.

Hon. J. N. Williamson congress man-elect from Oregon's second district, will be in this city, Saturday, Dec. 20. Mr. Williamson comes to meet the people and talk over personally the matter of the proposed forest reserve, and to lend his services in having excluded from the proposed reserve all available agricultural lands and other lands that will directly affect the county's future growth.—Grant County News.

Pearl Youngman, who for the past two months has been a guest at the hospitable home of Cal Geer and wife, took his departure via Shaniko for San Francisco. He will visit Portland and old time friends in Silverton while enroute. Mr. Youngman took a prominent part in organizing our football and basketball associations while here and last night was the recipient of a handsome watch charm nicely engraved, presented by the basketball teams of Burns as a token of their esteem and appreciation. Mr. Youngman's home is in Minneapolis.

Yesterday The Times-Herald man had the pleasure of looking at some of the cartoon work of Frank Bowers who is now doing duty on the Minneapolis News at a salary of \$60 per week. The young man is an artist and no mistake. In some of his work one can see Davenport characters, but as Frank started under Davenport's care it is all right. Bowers began his newspaper career in this office—not as an artist or printer, but laffer. He has improved considerable since and in fact has come to such a point of proficiency that The Times-Herald is thinking of adding him to its staff of artists.

From the interest taken in the basket ball game Thursday evening it would seem that the young people of Burns will follow the suggestion of The Times-Herald and "make old things look new" this winter. We understand other ball games will follow and local talent contemplates staging the drama, "Border Land," some time next month, under the management of Hon. C. W. Parrish. This is one of the heaviest plays ever undertaken by our local people, but under the able instructions of Mr. Parrish they feel confident of producing it very successfully. "Border Land" is along the line of plays that are so much appreciated by the people of our city.

BASKET BALL GAME.

An interesting and exciting game of basket ball was played between the girls club and boys club at Locher's hall last Thursday evening. The score was 22 to 8 in favor of the boys. The Times Herald man knows more about basket ball than some things perhaps, but might learn more. This is the way it appeared to him:
"Foot, foot!" goes the linman's (or woman's as the case may be) horn "Foul!"
"Umpire—'Who fouled?'"
"Youngman."

That, with an occasional eray between the two "babies" Vella Mace and Frank Welcome as to who had possession of the ball, was the only time the ball was not in motion. Poor Youngman was doing his best to win the game and although he seemed to keep his head, he couldn't control his feet which were frequently caught on the opposite side of the line from where they should be.

The girls were outclassed and handicapped, the boys being so much taller and better practiced at goal throwing. They played well, however, and their many admirers were appreciative, cheering every good play. Their president, Dr. Hibbard was highly pleased with their work and warmly congratulated the team. The opposing team also praised them upon the excellent game they played.

The large crowd that attended was well pleased with the game and such sport will always be welcomed and encouraged by the people of Burns.

The receipts from the game will be used for Christmas charity.
