The report that cattle men shot and killed over 400 head of sheep belonging to W. W. Brown on the range near Hampton Butte, not long ago, is not thought to be true. It is known, however, that Mr. Brown was accused of informing on some cattle men who had some government land fenced that had to be torn down, and they resented the action, and took revenge on his sheep.—Lakeview Examiner.

Geo. James was down from his ranch near Harney today making some peculiar purchases for a bachelor. Of course its none of our business if a young man sees fit to fit up his home with a new kitchen range, elegant china, etc., but then a newspaper man will speculate and has a vivid imagination.

Perhaps nowhere outside of Harney county does a practicing physician have to go such distances and endure such hardships and exposure as our local doctors. On Thursday night of last week Dr. Geary was summoned to see Pearl Weiss who was suffering from pneumonia in Catlow valley, a distance of 100 miles away. The doctor traveled by private conveyance, with frequent changes of horses to reach his patient, never stopping to rest. Dr. Geary returned home Sunday evening and reports Mr. Weiss improving. This is truly a country of magnificent distances.

The Times-Herald man regrets very much that he was unable to attend a "big eat" last night to which he was invited by the Order of Washington. This organization which was recently revived, is pushing ahead at a rapid rate and adding recruits every meeting. Those attending the feast last evening report a very pleasant time.

Sylvia Rebekah Lodge, I. O. O. F. of this city is one of the liveliest orders we have. The membership is growing rapidly and a great deal of interest is taken in the work. On last Wednesday evening six candidates were initiated and several applications read. After the degrees had been conferred a very interesting feature was given in the way of an elegant lunch.

FOR SALE—Two lots front on Main St and First St. with cottage on each, one barn. Four lots with orchard of pear, apple and cherry, currents & gooseberries bearing, two room house on it, access to an irrigating ditch. Also one lot with seven-room building, good location. There is good prospects of a meet between the athletic clubs of Burns and Canyon City in the near future. It is likely that there will be a contest at basket ball between the girl teams of the two towns, and the boys will either play base or foot ball. The Burns boys are inclined to favor foot ball, but Canyon seems to prefer the old stand by game of base ball. We sincerely hope the meet will be arranged.

The pupils of the two lower rooms of our public schools gave an exhibition yesterday afternoon which was attended by quite a number of parents. The entertainment consisted of recitations, songs, etc., and the little folks acquitted themselves with much credit to their teachers, Miss Harkey and Miss Donegan. We understand it is the custom of these rooms to give such exhibitions at intervals during the school year. Parents should make an effort to attend such and encourage the little ones.

Mr. and Mrs J. W. Shown, of Harney, spent a few days in our city this week, being among the candidates initiated in the Rebekah Lodge Wednesday evening. Mr. Shown but recently took unto himself a better half, much to the surprise of his numerous friends in this section. His bride is a Southern lady and impressed those who met her as a lady, of refinement and education as well as pleasant disposition. J. W. is to be congratulated. We suggested such a move on his part some time ago and we are glad he took our advice.
