TOWN CLOCK.

The result of the vote on town
clock or circulating library was al-
most unanimously in favor of the
former. There were only 160 bal-
lots deposited in the box, 159 of
which were in favor of the clock.

The Times-Herald man, assisted
by R. A. Miller and M. E. Thomp-
son counted the ballots this morn-
ing and while the vote was light it
was gratifying to note that almost
all were cast by prominent business
men who take an interest in the
affairs of our thriving little city.

Such an expression shows that
The Times-Herald's efforts to secure
this benefit are appreciated and
meet with favor. The Georgia
Harper Co. is also showing its ap-
preciation of the generous patronage
of our people by giving the entire
receipts of the performance next

A lawsuit in which Sam Gould
and J. D. Jenkins were the princi-
pals occupied Justice Miller's court
last Tuesday. From the evidence
it seems defendant hired Gould to
bring some freight from Ontario to
the Seaward cabin on Stein Moun-
tain. The latter claims that the
road across Diamond valley was
swampy and not as Jenkins had
represented. He therefore un-
loaded the freight at M. Horton's. Jen-
kins refused to pay the full amount
agreed upon, as the freight was not
delivered at the Seaward cabin.
Gould sued him for the balance.
The jury failed to agree and the
case will again come up unless the
parties effect a settlement in the
meantime.

"BROWN'S" "THE SATISFACTORY STORE" "BROWN'S"

A LIGHT STEP. No woman can afford to
ignore her shoes unless she hands in her resigna-
tion to polite society. For her shoes determine
her walk. And her walk decides her style, her
carriage, her posture, her whole attitude and
bearing as she moves about. A lady's shoe
should always be light in weight and very flexible
to the foot to enable her to walk in an easy, grace-
ful manner. This is the especial charm that has
made "QUEEN QUALITY" shoes so popular.
They are trim and neat in shape, as so many
other shoes are, but they go farther than this---
farther than any other shoe---in actually creating
an elastic, graceful step, which is worth ten years
of usefulness to a middle age woman.
