### TOWN CLOCK BENEFIT.

The Times-Herald is well pleased with the result of the town clock benefit performance by the Georgia Harper Co. last Wednesday night. The receipts totaled \$97.50 to which will be added several contributions from people who could not attend. The expenses amounted to \$60,000. The house was well filled by some of the best people in this vicinity and there were several good people there who were not there.

"Married for Money" gave universal satisfaction and a better pleased audience never left a theater in Burns. The Georgia Harper Co. was publicly thanked by Hon. A. W. Gowan in behalf of the citizens of our city for their generosity and those present showed their appreciation by a standing vote. Senator Gowan gave the Burns Furniture Co. credit for furnishing the chairs for reserved seats. This was a mistake, as the K. of P. lodge furnished the chairs. The Lewis & Dibble stable has the thanks of the management for hauling the chairs to and from the hall.

The Syon Hotel also furnished several chairs. Paul Locher and family also should receive the thanks of our people for giving the use of the hall free and buying tickets for the benefit besides. The Electric Light & Power Co. gave the lights.

The Times-Herald did what it could in the way of advertising the benefit performance, printing tickets, "tonight bills," seating the hall comfortably, etc. It is interested in seeing our city advance and is ever ready to assist in any public enterprise. It makes no difference who advances the proposition, or what the purpose, so long as it will be of benefit to the public. The Times-Herald will be found in line doing its best toward helping. It never did "knock" nor oppose anything for the public good.
