J. M. DALTON.
For Commissioner—
W. D. BAKER.
For Coroner—
DR. H. VOLP.

The suggestion of a Malheur county citizen that the state irrigation commission hold mass meetings of farmers in each irrigated district of the state, to discuss the technical provisions of the proposed irrigation law, is good, although the personnel of the commission represents the highest ability in all the different phases of irrigation, and it is certain that the law formulated will be the most intelligent expression of advanced irrigation legislation, yet there is always something to be learned from wider association. At mass meetings of farmers in different irrigated districts, the members of the commission may be able to get light on some of the complex questions that are before them. Practical irrigators gathered in Oregon from different states have had varied experiences and these experiences may be of value to the state, if utilized in the construction of this law. Before the commission submits its law to the next legislature it should make a thorough canvass of the irrigated portions of the state, in a body, to discuss the provisions and test the stability of their findings in the un-failing crucible of public opinion.—East Oregonian.

The necessary petition has been filed and the proposition of a county high school will be placed on the ballot for the approval of the voters of Harney county at the June election. This is a matter that should appeal to every one and should meet with universal approval. Harney county citizens should take a special pride in bettering our educational affairs and vote for the establishment of a high school in this county where the young people may take the higher branches at home and thereby save much time and expense. Vote for high school.

Some people are of the opinion that editing a newspaper is a snap. When they see the editor out around town trying to chase down an item or two they accuse him of loafing and neglecting his business. When he is in his office wrestling with an editorial they say he is a deadhead and does not try to get the news. No matter what he does somebody kicks.—Condon Globe.

The democratic candidates are all out in the field looking after the votes that will make them the next county officers of Harney county—provided they get enough. So far the outlook is very satisfactory and they all feel confident of victory. They are capable men, all good fellows and deserving

of support. Voters should investigate these good qualities and place such men in office to serve the people that they have every confidence in and whose experience and past records show their fitness.

WANT MORE INFORMATION.

From the Portland papers we learn that many thousand home seekers are now arriving in Oregon and all looking for a good location. The Oregon Information Bureau at Portland has been writing to people here for information about this section and also urge the advantages of advertising matter. County Clerk Rieder has been assisting this bureau as much as possible and is in almost constant communication with its secretary upon matters pertaining to the interest of Harney county. This morning Mr. Rieder showed us a letter in which they desire to know of any business openings in our city and his reply will give information about business affairs and also state there are openings for a creamery and the most excellent business awaiting the erection of a steam laundry. Mr. Rieder also handed the writer the following letter of recent date:

Mr. F. S. Reider,
Secty Board of Trade.

Dear Sir: We receive regularly from Mr. Julian Byrd, publisher and editor of The Times-Herald, their paper for use of this Bureau. In the issue of April 16, there are a number of excellent articles of Harney county. If the type matter has not been distributed, it would be a good thing, we think for your business men to get that in shape for a pamphlet or leaflet and have a number struck off for advertising purposes.

If you do this, will you kindly send me a goodly supply, as we think we can place them where they will do a vast amount of good.

Let us hear from you,
Yours truly,
Geo. G. Birrel.

P. S. If there are any extra copies of the issue of the 16th to be had will you kindly see Mr. Byrd and have some forwarded to us.

We learn that the temporary withdrawal of 60 sections of land lying north-east of Silver Lake, reported in last week's issue of the Herald, is called the Fremont Forest Reserve, and that the government contemplates using it for a reservoir site. It is understood that government surveyors were in that section a good part of last summer making preliminary surveys. There is a large body of rich agricultural land lying adjacent to the proposed reservoir site, and if the rainfall is sufficient to warrant the expenditure of a large sum on the reservoir, valuable homes will be built on what is termed the desert.—Lakeview Herald.

Mrs. W. H. Shirk departed for Reno Tuesday where she will spend a few months.—Lakeview Examiner.

John Sweitzer arrived Friday from Baker City, en route to Vale, where he was summoned by the serious illness of his mother and sister-in-law.—Ontario Democrat.

Sheepherders are demanding \$2 per day to assist sheepmen through lambing. This is more wages than the sheep business of Lake county will justify, but as there is a scarcity of men this season, sheepowners will probably be forced to pay big wages for the next month or two.—Lakeview Herald.

COUNTY COURT PROCEEDING.

In the matter of the 3 per cent rebate on taxes of the Oregon Land & Livestock Co., the court was advised by the sheriff that the money was mailed in time to reach the office before the time expired for allowing such rebate, but did not reach the office early enough on account of the mails being delayed by high water. The court decided the rebate should be allowed.

Clerk ordered to advertise for bids to complete the grade on the Meander line road, said bids to be opened by the court on July 6.

The board of Road Viewers ordered to meet on May 16 and proceed to survey and lay out a county road from Burns toward the Horton & Sayer saw mill as asked for by petitioners.

M. Horton granted a liquor licence to sell liquor in Diamond precinct for three months.

Upon the application of 119 petitioners asking that the question of the establishment of a county high school be submitted to the legal voters at the general election to be held on June 6, it was granted and the same will appear upon the ballots at the general election.

Report of the board of road viewers upon the proposed county road in Trout Creek in the southern part of the county was affirmed and the same was declared a public highway. The road supervisor was ordered to open said road.

Upon petition a county road was established from Burns to Crow Camp and the supervisor was ordered to open up said road.

Clerk ordered to advertise for bids to supply the county with wood.

The Chattanooga Advertising.

The Chattanooga Medicine Company, with laboratories and general offices at Chattanooga, Tennessee, and branch houses at St. Louis, Mo., and San Francisco, Cal., has become one of the largest proprietary medicine concerns in the world. In the growth of this great business two factors have been dominant: The merit of its products—Wine of Cardui and Thedford's Black-Draught—has been widely recognized and the original advertising methods adopted have excited great comment. The publicity for these medicines does not consist of the catch phrase and extravagant statement, too often employed in advertising to-day, but instead the plain story of experience with the medicines given in the plain language of the people themselves. The follow-

MRS. CECELIA STOWE,
Orator, Rhetoric Club.

175 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.
For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a dreary place at best. A friendly druggist advised me to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

WINE OF CARDUI

DeWitt's Little Early Risers
The famous little pills.

ing letter is a fair sample of the thousands of Wine of Cardui testimonials published during the past twenty years.

2068 Eastern Avenue,
Cincinnati, Ohio, May 20, 1902.

I consider Wine of Cardui a most excellent woman's remedy. It is certainly a specific as a tonic and regulator. For eight years I suffered with female trouble. I had an intense pain in the back and head, leaving me so weak that I was unable to stand at times. Medicine did not seem to help me, but after all remedies had failed me Wine of Cardui proved my one great, true friend. What a relief I experienced! It came only a few days after I started taking it. I used it faithfully for four months and gradually grew stronger and better. I am now regular to the day and for the past two years have enjoyed blessed good health. I certainly wish every sick and suffering woman could know of your blessed medicine, how much pain and suffering it would prevent, and what a difference it would make in thousands of homes where there is sickness and sorrow to-day, if they had Wine of Cardui it would bring relief and joy instead.

Margaret Greenmyer

Bought Band of Cattle.

An important sale of cattle took place in this city last Monday when the band of 90 head of stock cattle belonging to Mrs. W. Schmidt was sold to J. F. Turner, the consideration being \$14 per head. Mr. Turner went to Bear valley Tuesday to receive the cattle. This is the first sale of cattle of any consequence to take place in this part of Grant county this year, and it is considered that Mr. Turner secured a bargain, since the band is an excellent bunch of cattle.

Along with the purchase of the cattle, Mr. Turner secured a lease on the 800-acre ranch of Mrs. Schmidt in Bear valley for a term of three years.—Blue Mt. Eagle.

M. V. Smith is a visitor from Lawton.
