The voters of Harney county should be proud to elect such an old timer as Byron Terrill for assessor. He has seen this county grow from a vast wilderness to what it is today, has struggled to do his part toward developing our vast resources, bring in settlement and increase the taxable property. He knows the assessable property of this county as he has seen it all grow, as it were, and is a man that would make such an assessment as we would all be proud of.

Hon. M. D. Clifford has presided on the circuit court bench of the Ninth Judicial District for several years and has a record for honesty, fairness and good judgment. His rulings are impartial and his character above reproach. It certainly would not be wise to dispense with his good services for any man who has not had the experience. In justice to all it is right that Judge Clifford be re-elected at this time.

The present excellent condition of our public schools is due to the

up to date and energetic work of our present school superintendent, J. C. Bartlett. He has worked with a will and devoted his life to educational affairs and should be rewarded for his faithfulness by reelection. Such is the wish of school patrons all over the county and such will be the verdict of the voters at the polls on the 6th day of June.

The personal popularity of Sam Mothershead brings him to the front as an aspirant for county clerk. He has been tried in the service of the people and found not only to be a capable and efficient officer, but always pleasant and accommodating. His prospects are bright and his friends are confident of his being elected. Sam's vote will be startling we predict.

The important office of district attorney for this district should be filled by a man of known ability, one who has had years of practice and whose standing among the profession is at the top, Errest Hicks has practiced law in Grant county for 12 years or more and has had much experience. He is therefore the proper man to fill the place for the next term.

Few men have the vote getting qualities that are displayed by J. M. Dalton, whom the democrats propose to elect county treasurer. Mr. Dalton is making a very active and clean campaign and this, coupled with his good business judgment and a careful financier make him an almost sure winner. Jim has the push and energy to make a safe and ideal treasurer.

Dr. H. Volp would make a good coroner, and should receive the support of all his party. His qualifications and fitness for such a position are not questioned.

Did it ever occur to the people of this valley that we have one of the largest bodies of level, rich land lying under a natural reservoir site on earth? Do we want it productive and made into homes for thousands? Well, get to work.

Several large bands of sheep are being shorn near Huntington, and the warehouses are filling with wool, this promises to be a great wool season for the Gate City, wool men go to Huntington and get the best market in Eastern Oregon, no commissions or middlemen fees.

J. M. Dalton and Sam Mothershead, democratic candidates for treasurer and clerk respectively, have been looking after their political interests in various sections, but are at present in the city taking a short rest and looking after business affairs. They will leave inmediately for a tour of the southern part of the County.

A local appeared in these columns last week to the effect that Schwartz & Budem were selling peaches at the remarkable low figure of "95 cents". This should have read "25 cents". The Times-Herald always makes good such errors and those who paid 95 cents for peaches on account of such error may call at the office and have the money refunded.
