mind at ease he has only to read and digest the reports upon both sides of the question to determine which is best for his own interests and those of the country. When this is supplemented by the fund of information sent out from the party committees, more or less selected to meet the views or ambitious hopes of particular localities, the crop of votes is ready for the harvest. -Ex.

From the Pendleton East Oregonian:
The introduction of sewing classes in our public schools is a step in the direction of making young women more useful as a result of schooling. There is nothing more pitiful than the girl who goes through college and is neither charming, lovable, womanly nor practically useful as a housewife. The domestic arts, like sewing, cooking, gardening, growing flowers and rearing children, are almost lost sight of in education. Our colleges are top-heavy with specializing and shaky on producing the common human qualities that make good fathers and mothers and heads of families. They ignore the spiritual life of man, and produce material automatons.

If every person knew that it is impossible to sink if one keeps his arms under water and moves his legs as if he were going upstairs, and that one may keep this motion up for hours before fatigue ends it, there would be few casualties. Such is the fact, says the Lakeview Examiner.

Our cherry raisers should follow the method of an English farmer has had several cats killed, stuffed and placed in threatening attitudes among the branches of his fruit trees. Not a bird will come anywhere near the orchard.

Sarah Bernhardt has committed stage suicide nearly 30,000 times, 10,000 by poison, 7,000 by jumping into the Seine, 5,000 by revolver bullet and 5,000 by dagger. -Ex.

Scientists are now said to be looking for a substitute for butter. They should conduct their investigations in a boarding house. -Lakeview Herald.

THE NEW YORK WORLD
The tickets are now made up and the most interesting Presi-

dential campaign the United States has ever known since 1860 has begun. And it is the most important, too.

Which will it be, Parker and Davis or Roosevelt and Fairbanks? Nobody knows yet, but The Thrice-a-Week World will tell you promptly, fully and truthfully every movement of a hot and thrilling campaign. The real newspaper now prints facts rather than hopes, and it has always been the effort of The Thrice-a-Week World to tell the thing that has happened exactly as it happened. Thus you can judge for yourself and form your opinion.

There is also a great war going on in the East, where The World has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of The Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Times-Herald together one year for \$2.50.
