The Times-Herald, as a part of this big and growing section, is glad to learn of the proposed visit of United States Senator C. W. Fulton, who will be in our little city next Monday, Oct 31.

The Times-Herald does not view this visit from a political stand point, but looks to the good that may be accomplished for the future of this great inland empire so rich in possibilities and so long neglected.

He should be greeted in a manner befitting his high station and welcomed by our citizens as our United States Senator. We suggest a reception in which all may participate and the political significance of the visit forgotten.

The Times-Herald hopes the farmers of the valley will be benefited by reading the letter from Prof. Widsow on the first page of this issue.

Harney Valley has never been classed as a desert, and has advantages of a superior soil to that of many portions of Utah where dry land farming is a success.

The preparation of the soil to retain the moisture seems to be the secret of this method of farming, therefore we would suggest a careful study of the manner.

Prof Widsow's circular also discloses the fact that there are six experimental arid farms in Utah supported by the state and is considering the advisability of establishing more.

The majority of the Lake and Klamath county cattlemen are shipping their cattle to San Francisco, and having them killed on commission.

from the Bay city seem to be well satisfied with the situation, in regards to the market, and say that the lookout for the coming year is exceedingly bright for both beef and mutton.

The man that was interviewed by the Portland Journal to the effect that yearlings had raised in price from \$12 to \$18 certainly had a beautiful hop dream, or the stockmen of this section have been gloriously swindled.

Reports from the mountain districts are to the effect that the range was never better at this season of the year than now. The rains last week followed by the bright sunshine has had a most beneficial effect upon the grass.

HARNEY COUNTY HOSPITAL.

A representative of The Times-Herald visited the Harney County Hospital this morning and found all the patients doing well and all pleased with their treatment and care.

The Times-Herald is much pleased to receive such flattering reports from the inmates of this hospital, as it speaks well for Mr. McPheeters and his estimable wife who conduct it, and also gives it a standing it deserves among the people in general.

Mr. Foster desires The Times-Herald to acknowledge his appreciation of the considerate care bestowed upon him and also the kind remembrances of his friends who have sent him tokens of esteem especially the ladies of the Eastern Star for a nice luncheon and flowers.

HIGH SCHOOL LITERARY SOCIETY.

At a meeting of the high school pupils yesterday afternoon a literary society was organized and the following officers elected: Myra King, president; Henry Dalton, vice-president; Merle Dalton, secretary.

Blue Mountain Eagle:

John Hopper was over from his Silvies valley ranch last Friday. He reports excellent range in that locality this fall.

Dr. Brownton and family took their departure yesterday for a visit with friends at Burns. The doctor expects to return to this city early in November and will remain until the first of the year.

Geo. Patterson and A. J. Stephens returned Monday from a hunting trip to the lakes in Harney county. They found the bird shooting very poor, although they brought quite a few birds home with them.

A. J. Wendler, V. G. Cozad and son Rodney, J. F. Turner and son Ralph, of this city, and F. C. Hachenev, of John Day, composed a hunting party who departed for Harney lake early this week.

Judge Geo. E. Davis has purchased the residence of Dr. Ashford in this city and will take possession at an early date. The consideration was \$1600, which price includes a portion of the household furniture.

Dr. H. Volp, formerly of Burns, has located permanently in Canyon City. Dr. Volp has been engaged in the practice of medicine for 17 years and is a graduate of colleges of this and the old country and comes here well recommended.

Frank Metschan and wife came over from their Silvies valley home last Saturday, returning home Tuesday. They brought over their

daughter Marie, who remained and will attend Canyon City's public school during the coming winter.

FOR THE MAN AND THE WOMAN WHO KNOW There's no light rifle like the Marlin 22 repeater, for either target shooting or small game, because it has Marlin accuracy. If you shoot this means everything. The Solid Top, with its wall of metal always between you and the cartridge, and the Side Ejector are original Marlin features, which make it the safest to handle as well as the surest. It shoots short, long and long rifle cartridges without any change. The Marlin 16-gauge Shotgun is the smallest and lightest repeating gun manufactured. A new, well balanced gun of great accuracy. Handles still loads safely and well. Write us about any particular repeating rifle or shotgun you desire.
