resistant body for germs to develop. It is curable if treatment is begun in the earlier stages. Reports from Dr. Flick's hospital furnish conclusive evidence of this in many complete cures.

The greatest foe of consumption is pure oxygen. Medicine has no part in affecting its cure.

A Manager of the Period. Walter Kennedy wrote the manager of a prominent theater in Connecticut, asking for his open time for a week in the following repertoire: "Samson," "Othello," "The Virginians" and "The Answer." "The Answer" was the answer: "Walter Kennedy—Dear Sir: I must say that I have never heard of but two of the actors you mention in your company. Samson was at the Grand Museum here not long ago, breaking his face, and Othello played here last winter at the Metropolitan Theater. They say he is a good actor, but I don't care about playing colored stars at my house, as I cater to the very best audience, and then I don't think I would like a show with all men in it. I want shows with plenty of singing and dancing, subtleties and comedians, and funny gags. That's the stuff I want." -St. Louis Globe-Democrat.
