

STOCK INSPECTION BILL

PREVENT STOCK STEALING AND SPREAD OF DISEASE.

Would Cause Owners of Livestock to Submit to a Thorough Inspection Before Shipping the Same.

Following is house bill No 179, introduced by Representative Sitz Harney county, providing for the inspection of stock and registration brands before shipping from the county or state:

A bill for an act to protect the users of horses and cattle, and to provide for the inspection of the same before being removed from a state of Oregon.

Be it enacted by the people of the state of Oregon; and be it enacted by the legislative assembly of the state of Oregon:

Section 1. From and after the passage of this act it shall be the duty of all persons removing or taking from this state, in any manner whatsoever, any horse, mule, gelding, colt, foal filly, bull, steer, calf, or any other animal, immediately before the shipment or removal of the same, and at the place from which the shipment or removal is to be made, to cause the same to be inspected by the stock inspector of the county from which the stock is to be removed, as hereinafter provided.

Sec 2 On receiving notice from any person that he desires to remove or take from the state any of a class of animals mentioned in section 1 of this act, it shall be the duty of the stock inspector of the county from which such animals are to be taken to inspect the same, carefully noting the brands upon such animals, and ear marks if any, and otherwise describing such animals as may have no brand, and to keep a record of all such inspections in a book to be provided for that purpose by the county commissioners of each county. Such descriptions shall contain:

1 The brands and ear marks, and a description of all animals not branded or marked.

2 The number of animals inspected for removal.

3 The name of the owner or person removing the same.

4 The date of such inspection with destination to which such animals are to be taken.

If in the opinion of the officers making the inspection the person proposing to ship such stock is rightfully in the possession of the same, he shall grant such person a certificate of inspection in duplicate containing the matter herein provided, with the further statement that permission is granted to such persons to remove such animals from this state.

The person so receiving such certificate must deposit with the railroad, steamboat, or other person or company through which the said animals are removed or shipped at the point from which the same are removed or shipped, the duplicate certificate referred to which said duplicate must be filed by the agent or person receiving the same, and must (at) all times during business hours be accessible to the public. The agent or person at the time of the receipt of the duplicate shall endorse upon the original certificate the date of the receipt of the duplicate. In all cases in which stock is to be driven from this state, the person owning or driving the same shall file such duplicate with the county clerk of the county from which such animals are driven who shall endorse the original and file the duplicate as herein provided to be done by agents of railroad companies in case of shipment.

If, however, the officer making such inspection shall be of the opinion that such stock or any portion thereof, is stolen, or otherwise wrongfully in the possession of the person proposing to remove the same, he shall withhold such certificate and not permit to remove, until satisfactory assurance is given him to the rightful possession of such property by the person proposing to remove the same.

Sec 3. Any railroad company, steamboat company, agent or other person shipping or permitting to be shipped from any station, siding, stockyard, wharf or landing without first receiving the duplicate certificate herein provided for and endorsing upon the original the date of its receipt, any of the animals mentioned in section 1 of this act,

and any person removing or attempting to remove any of said animals without first having secured the certificate of inspection and filing the duplicate as in this act provided, or any person in any other way violating any of the provisions of this act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than \$100 nor more than \$1000 and in default of the payment thereof shall be imprisoned in the county jail one day for each \$2 of said fine.

Sec 4. For the service of inspection herein provided for the officer making such inspection shall receive \$3 per day while engaged in making such inspection and receive in addition thereto, his necessary actual expenses, to be paid by the person for whom the inspection is made.

Sec 5. The provision of this act shall not apply to any horses or mules driven under harness, or ridden under saddle from this state to another state.

That Ticking in the Throat.

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not the stomach. Harmless—good for children. A L Spoford, postmaster at Chester, Mich. says: "Our little girl was unconscious from strangulation during a sudden attack of croup. Three doses of One Minute Cough Cure half an hour apart speedily cured her. I cannot praise One Minute Cough Cure too much for what it has done in our family." It always gives relief. Mark T. Brownson filed an answer this afternoon to the suit brought against him by George McGowan. McGowan sued for \$2300 on a promissory note. In the answer Brownson alleges he signed the note at the instance of Attorney J. F. Watts, to whom the consideration was paid. Watts gave his piano as security, but did not wish to appear as mortgagor, and to oblige him Brownson attached his signature to the paper, Dan R. Murphy, a former law partner of Watts appears as Brownson's attorney.—Telegram.

A WONDERFUL INVENTION.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the more popular devices are those designed to benefit people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, '99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days time. Thousands of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 50c — (half price while we are introducing them.) The Dr. White The Dr. White Electric Comb Co., Decatur, Ill.

Try for Health
222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.
Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.
