Eastern Oregon is an "easy" mucker. Her arid counties have sat idly by and allowed Portland, the wettest spot in the state...

FAIR WILL GET CASH.

Oregonian News Bureau, Washington, D. C. — Though the sundry civil bill fails to authorize the transfer to the Lewis and Clark Exposition of the balance of \$30,000 remaining on hand...

Adequate provision was made in the sundry civil bill for the crews and employes of the life-saving station at the Lewis and Clark Exposition.

All For a Pair of Boots.

An acre of ground can't run away; it can't burn up or down; it can't be stolen or hidden away out of sight; it represents—generally speaking—the most solid, substantial and permanent investment possible.

Grope your way carefully down into the underground cells below the Harrison street police station in Chicago, and you will find a gray-haired turnkey, still on duty in his sturdy seventies.

ATTENDANTS FOR INSANE PATIENTS.

Sheriffs Are no Longer to Take Them to the Asylum at Salem.

The Telegram says: Whatever opposition there was to Representative Newell's bill to provide for the transportation of insane patients to the Asylum by regular attendants, failed to materialize to any extent when the bill was up for final passage in the Senate.

tory was confined to those who were greatly interested in taking out of the hands of the Sheriffs the right of conveying patients to the Asylum and charging the state for the same.

Senator Haines made a logical address, in which he proved by figures how the cost would be materially reduced. He had a letter from Superintendent Givens, of the Idaho Asylum, in which it was stated that the new order of things was infinitely superior that it not only saved money to the state, but also provided for more humane treatment of the patients.

Senator from Clackamas confined himself chiefly to a statement of facts and figures. His figures as obtained from the Secretary of State go to show that the cost of transporting an insane patient from Burns, Harney County, to Salem, is \$221.25; from Marshfield, \$100.75; from Baker City, \$93.80; from Oregon City, \$22.75, and from Portland, \$26.75.

Senator Haines also called attention to the fact that an attendant could go to Portland for an insane patient and return the same day and the expense to the state could be cut down almost one-half. He made the assertion, further, that it will be a saving of from \$10,000 to \$15,000 in the course of the year.

"The only individuals opposing this bill," continued the speaker, "are the sheriffs of the various counties. And I wish to say that Washington county is no exception. I have received letters from the sheriff, urging me to work against this. It will seldom be necessary to send two guards for a patient, and yet there are few cases at the present time in which there are not two guards accompanying a patient. I sincerely hope that the pressure on the senators will not be too great to prevent their voting for the measure."

To Prevent Scabies.

One of the most important bills that has been introduced in the legislature affecting the livestock interests, is that by Representative O'Connor of Broadwater, providing for the prevention of scabies, says the Helena Independent.

Last spring the department of agriculture at Washington issued orders for the dipping of all cattle shipped out of Montana and coming from districts where scabies was known to exist. Later this order was held in abeyance, with the understanding that the stockmen would insure the eradication and prevention of the disease in the state. In conformity with the agreement the O'Connor bill was introduced. It has passed both the house and senate.

The first section of the bill confers upon the board of stock commissioners, in addition to its other duties that of determining the existence and employing the most efficient and practical means to prevent and suppress scabies, and adopt such quarantine regulations as the board may deem wise, all such regulations to conform to those of the department of agriculture at Washington.

SOME PLUMS QUITE RIPE

GOVERNOR CHAMBERLAIN HAS THREE JUDICIAL JOBS TO GIVE.

Legislature Passes Bills for Judges in Tenth and Second Districts and District Attorney in the Eighth.

Three new judicial jobs have been created by the legislature and the appointments thereto vested in the governor, and as the bills creating the offices carry emergency clauses. His Excellency will distribute the plums at once, says the Oregonian.

The jobs are: Judge of the eighth district, composed of Baker county.

Additional Judge of the second district, composed of Lane, Douglas, Benton, Lincoln, Coos and Curry counties.

District Attorney for the tenth district, composed of Union and Walla-walla counties.

That the Governor will appoint Democrats is expected in the legislature; that he will do so in the two Eastern Oregon districts is practically certain, but that some Republican stands a chance in the second district is whispered in the corridors.

The appointees are to hold the offices until July, 1906, when their successors, elected by the people, are to get the places, the judges are to receive \$3,000 each.

Three aspirants for the prize in Union and Walla-walla are very much in evidence about the Capital today.—J. A. Burleigh, of Walla-walla; C. H. Crawford and Turner Oliver, of Union County. All are camping near the Governor.

To the judgeship in Baker two candidates aspire, Sam White and J. B. Messick, and yet a third, for M. D. Clifford also has an eye on the job.

Democrats in the second district who are said to be limbering up for the race are W. S. McFadden, of Corvallis, and Lark Bilyeu, of Eugene. Inasmuch as Judge Hamilton, now on the bench in the district, hails from Douglas, the second Judge is likely to be appointed from Eugene or Benton.

The Governor is understood to be pondering the question whether he could make a good political stroke by choosing a republican. Hamilton is a democrat and the Governor can carry out his theory of a non-partisan judiciary by naming a republican like Lawrence T. Harris of Eugene, or E. R. Bryson, of Corvallis.

Judge Hamilton is expected to handle the judicial business of Douglas, Coos and Curry and the new appointees that of Lane, Benton and Lincoln.

Walla-wa, Union and Baker are now in the same district with Robert Eakin, of Union County as Judge, and Leroy Lomax, of Baker, as Prosecuting Attorney. Baker is set apart as a separate district and Eakin is retained as Judge of Union and Walla-wa and Lomax as Prosecuting Attorney of Baker.
