## HARNEY COUNTY'S DISPLAY

**MUST BE RUSHED TO COMPLETION VERY SHORTLY.**

The Space Has Been Allotted in Agricultural Palace and Exhibit Must Be Started To the Railroad Soon.

The display being gathered by the Lewis and Clark Fair Association of this county for exhibition is rapidly assuming shape and has every indication of being fully up to expectations, although the number of the bird and animal specimens will not be as complete as was desired. However, this will not interfere materially with the exhibit, as they have a number of valuable specimens already in the collection and may be able to add almost all the varieties lacking before the taxidermist leaves to put the exhibit in place.

The time is now short to complete the collections in all departments and the Association desires all who are interested to make an effort to send in specimens at an early date. This is not to be applied to any one department but to all. Of course the bird and animal collection is most urgent at present, as teams will be on hand to transport the collection to the railroad in about three weeks and it is the desire of the association that these specimens be prepared by the taxidermist personally before it is necessary for him to follow the shipment to the fair grounds and place it in position.

The association has had some trouble in securing desirable space in which to make the display and it has been going rather slow the past few weeks getting this matter adjusted.

The Times-Herald is pleased to announce that the Fair Commission at Portland has been most generous, considering the urgent demand upon them for space from various sources, and Harney county has been allotted one of the largest floor spaces of any county in the state. While it was hoped to secure a larger space, the association is very well satisfied since learning conditions.

At the time Harney county made application for space in Agricultural Palace the Fair Board was glad to award all we asked, but the fair has since assumed such proportions that additional buildings have been erected to accommodate exhibitors, the grounds re-arranged and in fact so crowded that they realize now the lack of more ground. People who do not keep in touch with the Portland papers will hardly realize the great demand being made for exhibit space from the various states and also foreign countries. The fair is assuming great magnitude and promises to surpass in many features and attractions at any former world's fair.

The Harney county exhibit will one to be proud of and will certainly attract a vast amount of attention. Our horticultural and agricultural display will be limited at the opening of the fair but arrangements are being made to add much to this later in the season. The products gathered this season will be of the best and of great variety, covering practically everything produced in the county. This can be advantageously gathered too, after some members of the association have visited the exposition and seen what other counties have done.

The Times-Herald urges the necessity of co-operation of every citizen of Harney county in this commendable work, as it will without doubt be the means of attracting attention to the resources and possibilities of this promising section that it would not otherwise receive. This is the opportunity of our life to start the development of Harney county. It will add wealth, population and everything desired.

## SHEEP SOLD AT A HIGH FIGURE.

At an advance of 40 cents per head over any price paid this year, Williamson and Gesner sold to Ketchum of The Dalles yesterday over 3000 head of sheep at the high price of \$2.90. This is a record breaking figure and is the highest paid for sheep in this county for several years.

The band turned off is made up of two, three and four-year-olds and they will be delivered to the purchaser some place in the vicinity of Antelope about May 20 after they have been sheared. With wool at the same price as secured by Williamson and Gesner last year for their clip, this band will in reality net the firm a figure between \$4.25 and \$4.50 per head.

The sale completed yesterday was the last and best deal of the many which have been made in this vicinity during the past fortnight. J. N. Burgess, who is buying for B. F. Saunders of Salt Lake, purchased about 12,000 head while here last week, the sellers being Wurzweiler & Thompson, M. C. Nye Morrow & Keenan, C. W. Colby, S. E. Roberts and N. F. McCoin. These bands purchased were composed of yearlings and two year olds, and the prices ranged from \$2 to \$2.50.—Prineville Journal.

## Romance in the Telegraph.

It is a wonder that people continue to read novels, as there is not more sameness in cooking potatoes than there is in foiling the villain and putting the heroine into the hero's arms. Read the newspapers, and don't skip the telegraph, and you will run the gamut of human emotions.

In Pottsville, Pa., the wife of Allen Spizdell brought suit for \$10,000 damages from her husband. He had always treated her well, but he had promised her before marriage that she could keep a servant and a horse and carriage, and failed to keep his word. Hence the suit. There is more to think of in the disappointment of Mrs. Spizdell than in any sunset scene in a novel.

Apostle John Alexander Dowie has caused discontent in Zion City by announcing that God was a man; that he had all the attributes of mankind, and was legally wedded to the Virgin Mary, and that Christ was the result of that union. The people of Zion City are so shocked at this blasphemous statement they can't sleep nights. History repeats itself: The wife of William Cody (Buffalo Bill), in fighting his suit for divorce, charges that her husband wants an heir, and is trying to force on her the role of a Josephine.

The Rev. E. L. Caler, of Indianapolis, received a message from the Lord to whip his wife. A message of that kind is most imperative, so Caler whipped her with a skillet. He knocked his mother-in-law down, though he had no message from the Lord to do it. However, he trusted that the Lord would realize his provocation.

W. A. Kirkham, a Leavenworth jeweler, has brought suit for divorce, and his charges have caused all the Leavenworth women to drop their novels. He says that his wife drinks, that she beats him and their daughter, and that she spends \$5000 a year on high-balls and other extravagances. The parties are said to be "prominent socially."

## QUICKER TRANSPORTATION

### AUTOMOBILE LINE BETWEEN BEND AND SHANIKO.

Experiment Will be Watched With Interest By Business Men of This Section—Possibly a Line to Burns.

Establishment of the automobile line of the Central Oregon Transportation Company, which will operate between Crosekeys and Bend, a distance of 75 miles, covering all of the distance between the end of the Columbia Southern Railroad at Shaniko and Bend, except 18 miles, is of the greatest importance in development of Central Oregon and will be instrumental in much more rapid population of that section. The first of the three automobiles for the service will go into commission the first of next week and the other machines will follow soon, says the Telegram.

President A. E. Hammond, of the company, formerly chief engineer of the Columbia Southern Railroad, accompanied the first machine on its initial trip out from Shaniko today. The company has its own road way, constructed on easy grades, and following practically the survey that will eventually be used for the tracks of the Columbia Southern, when that line is pushed further into the interior. One of the machines will also be used for making the trip between Forest and Prineville.

This Spring 40,000 acres of the 140,000 acres to be brought under irrigation during the year by the Deschutes Irrigation & Power Company, is ready for settlement. Several hundred acres of land already sold and growing first crops demonstrate the possibility of the section, and purchasers of land have bought tracts scattered over the entire area, irrespective of whether water would be provided in time for this year.

The experiment with this automobile line will be watched with interest by the people of Harney county, as the matter of quicker transportation has long been desired.

At one time a company was organized in Burns for the purpose of placing a line of automobiles between this city and Prineville to connect with a line from Shaniko. After looking over the line to be traversed and considering the road work necessary to make it a practical business proposition during all seasons of the year, it was found a much larger undertaking than was anticipated at first and therefore it was dropped for the time being. This, however does not mean that the plan has been abandoned. There are many who contend it is practical and some are ready to put money into a trial of the kind.

More direct and quicker service between here and Portland is almost a necessity. The inconveniences encountered in reaching Harney county has always been a drawback to its development, besides seriously interfering with business. Since the railroads are independent and show little inclination to build, we should take the next best means to put ourselves in closer touch with the outside world.

The railroad people certainly realize this a great section and also know that sufficient tonnage could be secured to justify the building of a road; but the powerful combinations are looking elsewhere just at present where invasion is threatened. They consider this section a cinch and that it will await their pleasure. In this respect they are about right. We can do nothing but wait for the present at least, until some turn is made with one of the big railroad systems, that will give them an advantage. This is possibly at no distant day. In the meantime we should help ourselves as much as possible.

If an automobile line can be made a success in the Bend section at all seasons of the year there is little doubt but Burns will also be connected with the outside in a similar manner by next year.

## LAND FRAUD CASES ARE EXPENSIVE.

Some idea of the cost attached to the land fraud investigations may be gained from the quarterly report of the United States Marshal just submitted relative to the sums already paid out as fees for witnesses and grand and trial jurors, together with traveling expenses incident to both, for the present term of court, says an exchange.

For the quarters ending December 31, 1904, and March 31, 1905, covering the period in question, witnesses and jurors traveled 123,766 miles by rail, which at the rate of 5 cents a mile, amounted to \$6188.30. At the same time, 8528 miles were traveled by stage and other private conveyance, for which there was an allowance by the Government of 15 cents a mile, or a total of \$1279.20. Both sources aggregate \$7467.50.

The amount paid out in jury fees for the past quarter have not yet been computed, but for the proceeding quarter they aggregate \$14,164.65, distributed as follows: Juror fees, \$8429.20; witness fees, \$5735.45. It is believed the expenses in this direction for the quarter just ended will scarcely equal the above amount on account of the adjournment of the grand jury, February 13.

## That Ticking in the Throat.

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not the stomach. Harmless—good for children. A. L. Spoford, postmaster at Chester, Mich. says: "Our little girl was unconscious from strangulation during a sudden attack of croup. Three doses of One Minute Cough Cure half an hour apart speedily cured her. I cannot praise One Minute Cough Cure too much for what it has done in our family." It always gives relief. ## You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develop into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion. It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs. Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of Ladrille, which left me very weak and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I did not sleep for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."

HENRY M. SMITH, Underhill, Vt. Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

## CIRCUIT COURT ADJOURNS

### WILL RE-CONVENE IN JUNE TO HEAR EQUITY CASES

Business Wound up Wednesday at Noon and Judge Davis Goes Home—Proceedings Since Last Saturday.

Circuit court adjourned Wednesday at noon and Judge Davis took his departure in the afternoon for his home at Canyon City. He expects to return here June 5 for the purpose of hearing the Voegtly divorce case which is set for that date. It is possible that other cases will also be heard at that time—those on which service was not complete at the close of the present term.

Disposition of cases on the docket since our last issue as follows:

### Victory White Bronze Monuments

The local agent, M. L. Lewis, has just received notice from The Monumental Bronze Co. of Bridgeport, Conn., that White Bronze has been awarded two medals, viz: Class No. 194, Art Work in Zinc and class No. 220 Marble, Stone and Metal Monuments.

White Bronze was in direct competition with the great Marble and Granite Quarries of the world and won all the honors. Such success speaks volumes for White Bronze as the only Monuments without a competitor.
