Some comment is going the rounds of the daily press in reference to seedless apples.

Seedless apples are as old as time, and have been known to pomologists for centuries.

Robert Manning, of Boston, in 1869, wrote that he had seen this apple under the name "No-Core" at an exhibition of the Massachusetts Horticultural society several years before.

As to the merits of the variety Prof. Vaile said: "It appears to possess no value aside from its curiosity."

It is time to take up the matter of celebrating the 4th of July. It has always been the custom of Burns to prepare a program for this occasion and the people in various parts of the county expect it.

Two ten-mule teams of the Pacific Live Stock Company, which left Burns Monday, May 8, with a good portion of the Harney county exhibit for the Lewis and Clark Fair, left here Tuesday morning for Ontario, where Rev A J Irwin of Burns will superintend the transfer of the exhibit to the cars.
