Several hundred extra copies of The Times-Herald of last week have been sent to various parts of the United States to people who have made inquiry regarding Harney county. Quite a number of that issue were sent to Portland to be used by the gentlemen in charge of Harney county's exhibit. The matter regarding the resources of Harney county will also form a part of a booklet to be printed by the Portland Chamber of Commerce in exploiting the wonders of Oregon.

During his visit to the Exposition city Dr Marsden will assist Rev. Irwin in arranging matter and placing an order for several thousand booklets to be used by those in charge of our exhibit for advertising purposes. This will also be on the line of the write-up appearing in our last issue.

The Times-Herald appreciates the many compliments given by local people upon last week's issue and the enterprise shown by printing more than twice its regular circulation. It was done purely in the interest of Harney county and every extra copy has been given out without receiving one cent in money. If it will be the means of bringing the many advantages of Harney county to the attention of outside people the management will feel amply repaid for the work.

At the meeting of the county court last Monday the matter of appointing a fruit inspector was discussed at some length with several who are taking an interest and who wish to see the young orchards of Harney county kept free from pests. The court is anxious to make such an appointment provided a suitable man can be found to look after it. The Times-Herald has been investigating the matter and realizes the importance of a thoroughly competent and responsible man for the position, but so far no one has been found to fill the requirements. The court has stated that if the fruit men of this county would get together and recommend a man for the position he would be appointed. The judge and commissioners desire to give every aid possible to keeping the fruit of this county free from pests, but do not wish to make a farce of the inspection part. They want a man that understands the business and who will do his duty. The Times-Herald commends the court for this stand and would suggest that those interested make an effort to recommend a suitable man at the July term of court.

Men located at railroad points who are receiving much of their business from Harney county at the present time, while pretending to be interested in the development of this great interior section, are in reality knocking it. They don't want it developed to such an extent that it will be tapped by a railroad for then the trade they are now enjoying would be directed elsewhere. An instance is shown in another column of this issue where people have been given discouraging reports of Harney county, even misrepresentations are made to prevent intending settlers and capital from coming in. Are we going to continue to patronize and help sustain such men, or will we patronize home people who are assisting to build up the country.

In talking with old time stockmen of this section The Times-Herald has learned that the range this season is the finest for many

years and the June rains will make it even better. Supt Gilcrest of the P. L. S. Co., and C. T. Lillard, both of whom have had many years experience in the stock business in Eastern Oregon state the bunch grass is the best it has been for more than twelve years.

The fine rains of the past week have made the grain crops an assured fact and farmers are correspondingly happy. Even exceptionally large crops of hay will be cut where no irrigation has been possible. Good times are in store for Harney county.

DOMESTIC TROUBLES AND BAD WHISKY.

It was reported Sunday that Cripple Dick, a Piute Indian, had been found murdered on the trail between this city and the Indian camps and Coroner Marsden was summoned to "sit on him," but when the doctor arrived at the scene he found quite a lively corpse. Dick had attempted suicide on account of domestic troubles and had screwed up his courage with a large quantity of fire water. Dr Marsden took him to the office and found an ugly knife wound in his breast which he dressed and placed the young brave in the city jail where he could be looked after.

CIRCUIT COURT.

Judge Geo E Davis came over from Canyon City Monday evening and held court Tuesday and Wednesday.

The divorce suit of Voegtly vs Voegtly was heard and the attorneys were instructed to submit their arguments in writing the latter part of next week and the decision will be rendered later.

Mrs Jane Clark of Drowsey was granted a divorce from M. R. Clark. Judge Davis took his departure for home Thursday.

WORK ON SUMPTER VALLEY.

General Freight and Passenger Agent Joseph Barton, of the Sumpter Valley Railway, reports that they have just received sixteen more carloads of rails and fastenings for the extension of the line beyond Tipton. The new supplies are being transferred as rapidly as possible, and sent to the front. The Sumpter Valley will be in Austin before snow flies.—Baker City Democrat.

WORK ON TELEPHONE LINE BEGUN.

M. L. Lewis has a crew of men at work on the new telephone line he is constructing between this city and Silver Creek. Work was begun early in the week and the holes for the poles have been dug out as far as Sage Hen. The poles will be delivered immediately and the stringing of wire follow as rapidly as possible.

It is expected the line from here to the Steins Mountain section will be begun as soon as the Silver Creek line is completed.

HORSE AND MULE MARKET ACTIVE.

C. T. Lillard, the Paulina stock man, accompanied by his wife and little daughter, came in last Tuesday to have some dental work done. Mr. Lillard disposed of about \$15,000 worth of horses and mules last week, delivering the animals right at his own corrals to Walla Walla buyers. He received \$55 per head for 107 mules and \$55 each for 100 head of horses. He had the misfortune to lose two valuable brood mares the other day, they being killed by lightning.

Mr. Lillard informs The Times-Herald that W. W. Brown of that section had sold about \$20,000 worth of horses to buyers from the Klamath and California sections.

Leave orders at the Brewery Saloon for bottled beer which will be delivered at your home in any quantity desired. Ask for prices.
