Three Months......75

ULIAN BYRD - - - - - Manager

Commissioners Miller and Best are here to assist Judge Levens in winding up the affairs of the old county board in order to give the new court a new sheet to start business with. Commissioner Miller and Judge Levens both retire this time and they desire to have all possible business settled up to date in order that the new officers may have nothing but the new business to attend to. The old court will certainly leave their successors a good substantial surplus in the treasury on which to work, as the semi-annual statements of the county officers, in his issue of The Times-Herald, show. Although these statements were rendered at the close of business March 31st, the books will show today even a greater amount of resources. The treasurer's books show \$36,108.81 on hand this morning with outstanding warrants not yet presented to the amount of \$700.

According to Forest Supervisor Ireland, of Prineville, stock men must get permits to graze on the reserve. The impression had gotten out that this was not necessary this season, but it does not seem to have come from any source of authority. The Times-Herald had such an impression and may have led some of its readers to believe such was the case, but it is a mistake. Stock men should look into this matter as it may save them annoyance and trouble.

The recent rain has been beneficial to the higher land but the irrigated portion of the valley needs sunshine. One of our farmers informs The Times-Herald that the crops on the lower lands along the river are at least 30 days behind the usual growth at this season of the year.

\$3000 in Premiums and Purses.

The Harney County Fair Association has already arranged the speed program for the second annual fair to be held in this city

the first week in October. The Times-Herald regrets its inability to publish the program this issue on account of scarcity of space. In all the association will put up about \$3000 in premiums and purses.

LOCAL AND PERSONAL.

Senator Gowan received a telegram Sunday from his son Frank announcing that he had successfully passed the examination to enter the Naval Academy at Annapolis. This was most delightful news to Frank's many friends here who are more than pleased at his success. He enters the academy at once as a midshipman and it is likely his first experience will be a 30-day cruise on the old "Constitution." Our young friend has worked long and persistently and has finally attained the goal. May he win the highest honors.

Ira Stubblefield and family left for Willamette Valley points yesterday morning. They accompanied J. H. Byerly and family who have been up from Dallas the past few weeks visiting. Mr. Stubblefield has disposed of his interests here with the exception of his horses, a number of which he took with him to sell. Mr. Stubblefield has been one of the energetic workers in this county for a number of years and his friends here hope he may prosper should he decide to remain permanently west of the mountains.

J. C. Stevens, the civil engineer connected with the U. S. Reclamation service, has expressed a desire to meet with the citizens of this city and discuss the proposed irrigation law to be passed by the next legislature. The Times-Herald urges the importance of such and therefore asks that our people meet Mr. Stevens this evening at City Recorder Lewis' office at 8 o'clock.

A pleasant and instructive half hour can be spent during your visit at Burns at the races and festivities, at the Native Son's and Chas. W. Parrish Museum. The public are cordially invited to visit these rooms, free of charge, at any hour when there are "no goings" at the Fair Grounds. Children as well as old ones are invited.

Dr. J. W. Geary has been confined to his bed the past week and has suffered a great deal. His sickness started from grip and it certainly had a firm grip on the Doctor but he is now better and hopes soon to be out looking after the ails of others rather than brooding over his own.

Up-to-date job printing at reasonable prices.

THE CELEBRATION.

With the exception of a few minor details, the program for the celebration in this city next week is complete. The Times-Herald has ordered regular 4th of July weather—the kind that makes one appreciate a shady spot, a fan and a big dish of ice cream (or a beer) but will not guarantee to deliver the goods. However, everything indicates ideal weather.

Everybody that can, will be in Burns to help make the Eagle scream and those in charge of the celebration hope to bring things off on schedule time.

The Times Herald regrets that neither Senator Hart nor Congressman Ellis will be able to attend. Both gentlemen have sent regrets, the former having some important cases in the circuit court at this time and the latter's term as circuit judge expires on July 2 and it is necessary that he remain at his post of duty to wind up the affairs of his office.

However, Congressman Ellis stated in a letter to Receiver Gowan of this city that he hoped soon to pay the Harney country a visit. Senator Hart has announced his intention of visiting this county during fair week in October.

Dr. Withycombe, the distinguished gentleman who is to deliver the oration on the day of the 4th, is already here and will assist the good people of Harney county to make that day both pleasant and profitable.

Mrs. Hattie Hastie has moved her millinery stock over from Harney and will remain here permanently. She is accompanied by her brother, Theo Coleman, who will also remain with us. Mrs. Hastie occupies the building where the postoffice was located when Mrs. Vaughn had charge.

Mrs. Story Sheridan and daughters, Misses Avis, Ethel and Phyllis, came in yesterday from their home at Boise, Idaho. They are guests at the home of Judge and Mrs. H. C. Levens on the farm near this city. Mrs. Sheridan is a sister to Judge Levens.

Carrol Cecil and wife were over from their Silver creek home this week. Mrs. Cecil and daughters are at home from Portland for the summer and they were in to move some of their household effects from their city residence to the ranch.

Fred Oakerman was in from his Silver creek home a day or two during the week.
