#### LAND DISTRICT REEKLING WITH "FRAUD SAYS JOURNAL."

By Ancient History and Paints This  
Action Real Black--No Truth for  
Foundation of "Tommy Roi."

There has been considerable in-  
vestigating of land titles in the  
land district by government  
men, who have found out while  
the land of western Oregon  
has been fraudulently acquired by  
capitalists people of eastern  
Oregon have been grabbing land  
in the desert land act. Thou-  
sands of acres of as fine wheat land  
in the state have been taken un-  
der this law by people who have  
bought up and got titles from the  
government without making any  
effort to bring water on the land to  
grow crops, while others have  
bought places on running creeks  
and by turning the water over  
to a first class crop of wild  
fruit has been produced.

#### SHEEP LAW APRIL 1

On April 1 the recently enacted  
sheep law will go into effect and as  
a result every sheep in the state,  
whether afflicted with scab or not,  
will have to be dipped.

Those found affected will re-  
quire dipping twice. The dipping  
must be done between shearing  
time and the time when the sheep  
are started for the summer ranges  
in the mountains.

As the Slusher bill contained the  
emergency clause it will not have  
to wait 90 days before going into  
effect as was supposed by many.

Under the terms of the new law  
all dipping is to be carried on un-  
der the supervision of the federal  
inspectors who will work in co-  
operation with the state sheep com-  
missioner. Dr. McClure, in charge  
of the federal work in the northwest,  
has just returned from a trip to  
Boise and is now preparing plans  
for the dipping work, says an ex-  
change.

In this state there are about 2,  
500,000 sheep and in order to  
properly superintend the dipping  
Dr. McClure stated that he will  
require the services of about 20  
deputies in addition to those now  
under him. In dipping the stock-  
men must use one of the 16 dips  
officially recognized by the bureau  
of the 16 dips officially recognized  
by the bureau of animal industry.

The bill requiring dipping was  
passed in hopes that a thorough  
dipping of all the sheep in the  
state will so obliterate the scab that  
the present federal quarantine may  
be raised. Since this is the case,  
it is desired to have the work done  
effectively, and according to Dr.  
McClure, the dipping will be done  
as near a perfect manner as possi-  
ble. After the dipping in the  
spring the sheep will be carefully  
inspected before their return from  
the summer ranges and all found  
infected must be dipped again be-  
fore being allowed to go upon the  
winter ranges.

#### CONTRACT IS REFUSED BURKE

A recent dispatch from Salem to  
the Oregonian says: At the regu-  
lar meeting of the State Land  
Board today, W. E. Burke appeared  
before the members with an irriga-  
tion contract, which he wanted  
signed by the board, which seeks  
to install pumping stations, and  
reclaim about 9,000 acres of arid  
land in Harney county, for the use  
of settlers.

Governor Chamberlain strenu-  
ously objected to the contract on  
the ground that the lien of \$25 per  
acre is too high and the date of re-  
clamation is fixed in the contract  
as January 1, 1912. Also that  
Burke and his company reserve the  
right to make contracts and  
collect money, but should agree not  
to receive money on work of re-  
clamation until done. The Governor  
and State Treasurer Steel were wil-  
ling to sign the contract with Burke  
for the Land Board in case the  
time fixed for the accomplishment  
of at least part of the work, was  
changed to January 1, 1908, at  
which time the next legislature will  
meet, and could amend the contract  
provided Burke should fail to do  
as agreed.

It was finally agreed to commis-  
sion the attorney General to draw  
up a new form of contract and stipu-  
late in the same that Mr. Burke  
will receive no money until the  
work is done.

A. L. Hunter is now in Texas  
according to a letter just received  
by friends here.

People coming in from outside  
points report the roads improving  
quite rapidly, in fact not many bad  
places are found at this time.

The salary of a United States  
senator will scarcely pay the house

rent of the man who wishes to shine  
in the society of the capital and the  
very position of senator forces ex-  
penses upon a man which he can  
scarcely avoid and retain his in-  
fluence among his fellows. It can  
be readily seen how any man of  
pride and limited means might be  
driven by such conditions to resign  
his place rather than submit to the  
snubs of pampered society under  
the alternative of driving himself  
to the poor house in an effort to  
keep up the social pace.

Many a man who has gone to  
Washington with honest purposes  
and with a wife and family desir-  
ing the pleasures of the social  
whirl has been driven to the ac-  
ceptance of bribes and the betrayal  
of his own manhood in order to  
realize the financial wherewithal  
to satisfy the demands upon him,  
and the probability is a large part  
of the corrupting corporate influ-  
ence credited to the national senate  
could be traced to this cause.

The codfish aristocracy of  
Washington is probably the mean-  
est and most exacting in the world,  
in its efforts to ape the courts of  
Europe and the almost total dis-  
appearance of the simple American  
life from around the national capitol  
is one of the deplorable facts of  
the present age. The great won-  
der is that President Roosevelt,  
who is a plain, common citizen,  
though a wealthy man, has not be-  
fore now set the seal of his disap-  
proval on it and stamped out the  
official aristocracy which is becom-  
ing a canker in the body politic.  
He is the one person who could do  
it and should do it.—Salem States-  
man.

Thousands Are Arriving.

The campaign of advertising  
which has been conducted during  
the past 90 days by the commer-  
cial bodies of the Oregon Develop-  
ment League, is bearing fruit.  
Much credit for the success of this  
campaign is due to the press  
throughout the state, which has  
rendered valuable assistance in ex-  
ploring the colonist rates which be-  
came effective March 1st and  
which will continue until April  
30th, says a Portland correspon-  
dent.

The rates are the lowest ever  
made by the trans-continental rail-  
roads, and homeseekers, quick to  
take advantage of them, are pour-  
ing into Oregon in constantly in-  
creasing numbers. While many of  
these have come through to Port-  
land, larger numbers have scatter-  
ed to various other parts of the  
State. It is now the duty of our  
citizens to make these strangers  
within our gates feel entirely at  
home. We should show them  
every attention; give them all nec-  
essary information; the effect of a  
little encouragement, a little neigh-  
borliness, during the first few days  
or weeks, will be marvelous, and as  
the newcomers become better ac-  
quainted at close range with what  
Oregon has in store for them, they  
will be thoroughly glad they are  
here, and will wonder why they  
did not come before.

However, it must not be forgotten  
that these low rates will continue  
for six weeks more, and that great  
work may be done in that time.  
It has been said that "Persistent  
Publicity Pays." Eugene, Grants  
Pass, Medford and Ashland have  
become firm believers in this doc-  
trine; only last week the Commer-  
cial Clubs of those cities, assisted  
by Tom Richardson, manager of  
the Portland Commercial Club, in-  
augurated vigorous publicity cam-  
paigns and raised good sums of  
money for advertising purposes.

If other communities, not already  
active, will follow the examples  
being set for them from week to  
week, and advertise to all the  
world what they have to offer to  
homeseekers and investors, the  
population of the Beaver State will  
surely double within a very few  
years.

### RESCINDS PATENT HOLD-UP

#### GARFIELD ISSUES ORDERS TO LAND COMMISSIONER.

Ballinger to Expedite Final Certificates of  
30,000 Settlers--The Local Officers  
Are Instructed Also.

According to a Washington dis-  
patch, President Roosevelt, finding  
the order holding up titles to land  
is working a hardship on settlers,  
has sent the Secretary of the Inter-  
ior a letter cancelling his order  
of February 12, relative to the is-  
surance of evidence of title under  
the public land laws.

The reason for the cancellation  
is that Congress did not appropriate  
a sufficient amount for the carrying  
out of the purposes of the order,  
in lieu of this order it is proposed  
to have the Commissioner of the  
General Land Office detail all of  
his available force in such a man-  
ner as to handle the work most  
rapidly and prevent fraud.

The day following the above dis-  
patch the following made its ap-  
pearance in the public press: Sec-  
retary Garfield of the depart-  
ment of the interior has issued an  
order to Commissioner Ballinger of  
the General Land office, intended  
to expedite to the utmost the is-  
surance of patents to 30,000 entrymen  
whose applications have accumulat-  
ed in the general land office. The  
order is based on President Roose-  
velt's recent action making easier  
the process of "proving up" under  
the law. It directs the Commis-  
sioner of the land office, "to take  
up for action all locations, selec-  
tions, and entries upon which final  
certificate has been issued, and,  
if the proof is found to be com-  
plete and there is no pending  
protest or objection the same  
will be passed to patent in the  
regular order." The order continues:

The local officers will proceed in  
accordance with the circular of  
December 7, 1905, governing the  
manner of giving notice of final  
proofs and the action taken thereon.  
You will furnish them maps defin-  
ing the mineral within their re-  
spective districts as soon as they  
are provided by the Geological  
Survey.

All locations, selections and en-  
tries of land in nonmineral areas  
will be considered by the local  
officers under the above circular  
with a view to final action by them  
and the issuance of final certificates  
in the regular order.

Locations, selection and entries  
for lands in the mineral areas may  
be made under existing rules, but  
shall not pass to final certificate or  
approval except upon the report of  
a field officer.

You will instruct local officers  
that it is equally their duty to  
facilitate the issuance of final cer-  
tificates to bona fide settlers as to  
guard the interests of the public  
and government in preventing ille-  
gal entries and that, in the perfor-  
mance of their duties, they will be  
held to strict account for the exer-  
cise of sound discretion and good  
judgment. It is expected that  
Registers and Receivers in their  
respective districts will obtain  
knowledge of the general character  
and quality of the public land over  
which their jurisdiction extends,  
and in the disposition of cases be-  
fore these officers they should make  
use of such knowledge, either in  
aiding the entrymen or in prevent-  
ing an illegal entry, as the case  
may be.

In accordance with the confer-  
ence which we have had, you will  
at once take such action as is nec-  
essary so as to organize your field  
and office force; either by way of  
redistribution or concentration, as  
will make it possible to most effec-  
tively carry out the order of the  
President.

All regulations or instruction in  
conflict herewith are revoked.

WASHINGTON'S COSTLY LIFE.

There is a disposition to poke  
fun at Senator Spooner of Wisconsin  
on account of his resignation from  
the senate upon the plea that he  
could not afford financially to con-  
tinue in the office, but his action is  
based upon an unfortunate condi-  
tion prevailing in official life in  
Washington, which forces a man  
to either live away beyond his offi-  
cial income or else be content to  
live unnoticed or unknown in the  
"higher" social circles.

The salary of a United States  
senator will scarcely pay the house

### RAILROAD FORCE INCREASED

#### RETRENCHMENT POLICY DOES NOT EFFECT EXTENSION.

More Activity in the Field Work in This  
County--Every Indication Points to  
The Immediate Construction.

General Manager O'Brien of the  
northwestern branches of the Har-  
iman railroad system, has been di-  
rected by the Chicago offices to cut  
expenses to the bone. This is in  
accordance with the retrenchment  
policy which is credited as being in  
retaliation on account of "hostile  
legislation."

"I have received orders to pare  
expenses as much as possible. As  
to future construction work, that  
will show for itself."

Although Mr. O'Brien gave ex-  
pression to the above in a newspa-  
per interview last week, it has had  
no apparent effect upon the work of  
the locating engineers in the field  
here. On the contrary the activity  
has seemingly increased. The pre-  
sent force is being added to quite  
largely and every thing points to the  
immediate construction of the trans-  
continental line through this section.

Another indication of the vigor-  
ous prosecution of the work was the  
arrival here this week of a large  
amount of office furniture and an  
increase of the clerical force in the  
offices in this city. The Times-  
Herald has been given to under-  
stand that Chief Engineer Stradley  
will make Burns his permanent  
headquarters in the future.

The Harriman interests having  
given up the fight with Hill on the  
north bank right of way and aban-  
doning the territory to the North-  
ern Pacific has given the line  
across the state through this county  
a big boost, as it is now of more  
importance than before to complete  
this road as a time saver to the  
coast. From what can be learned  
the Harriman advertising bureaus  
have begun a systematic adver-  
tising campaign of this great inter-  
country too, which is conclusively  
evidence that they mean to bring  
the line through and desire to in-  
crease the business of the road  
even before it is built.

The Times-Herald does not take  
the retrenchment policy as a re-  
taliation for "hostile legislation"  
very seriously. There is too much  
at stake and the Harriman people  
are not going to stand in their own  
way to greatly increase their busi-  
ness. Taking into consideration  
the great possibilities of the terri-  
tory tapped by this new road it  
would seem that it must be built  
at once. When one stops to think  
that practically all the vacant land  
left in the state of Oregon is con-  
spicuous to this line and that people  
must have transportation facilities  
in order to develop it, there is no  
question but such facilities will be  
forthcoming with the least possible  
delay.

IF YOU WANT CASH  
For Your Real Estate or Business  
I CAN GET IT  
No Matter What Your Property is Worth, or in What Town, City, State or Territory it is located

I did not have the ability and facilities to sell your property. I certainly could not afford  
to pay for this advertisement. This "ad" (like all my "ads") is practically free to place  
on my list a quantity of my properties, and I am just as sure to sell these properties and make  
enough money on commissions to pay for the cost of these "ads," and make a good profit  
besides. That is why I have so large a real estate business that will be sold as a result of these "ads."  
Why not put your property among the number that will be sold as a result of these "ads"?  
I will not only be able to sell it, some time, but will be able to sell it quickly. I am a  
specialist in quick sales. I have the most complete and up-to-date equipment. I have branch  
offices throughout the country and a field force of well trained men.  
I do not handle all lines usually handled by the ordinary real estate agents. I MUST SELL  
real estate--and lots of it--no one else will. I can assure you I am not going out of business.  
In the country, I make a list of all the farms in the county, and I will sell them as fast as they  
are wanted. I will sell you a farm, a house, a lot, a business, a store, a mill, a mine, a quarry, a
