The development of the mineral resources of the southern part of the county is certainly much desired and The Times-Herald is gratified to receive such encouraging reports of the Pueblo district and that capital has at last been interested in the mining projects there.

The large water tank at the cemetery erected by the energetic efforts of a few ladies of this city, has fallen down, not through neglect of the ladies but on account of the lack of interest and appreciation of the general public.

As Senator Fulton will soon visit our city for the purpose of meeting the people and ascertain their desires in matters of legislation, The Times-Herald would suggest that we take up the proposition of an experiment farm with him.

At the regular meeting of the city council Wednesday evening M. L. Lewis was granted a 25 year franchise to construct and maintain a telephone system within the city limits.

The matter of water works and the sewage system was also submitted by Mr. Lewis in the interest of outside capital.

THE EIGHTH GRADE GRADUATES.

A most interesting and entertaining program was rendered at Lecher's hall last evening, the occasion being the closing exercises of the public school and the awarding of the gold medal and diplomas to the eighth grade graduates.

The city authorities have requested The Times-Herald to urge those who have lots in the Burns cemetery to call on the recorder and pay for them.

Farre and Miss Loel Smith assisted in the musical line. A piano trio by Helen Purrington Toily Johnson and Bessie Swain was a particularly pleasing number.

Nina Wiseman read an essay that she had written in the form of a letter to a friend in 1837 which was very good and should her hopes be realized Burns and the Harney country will surely grow and prosper.

Dr. J. W. Geary presented the gold medal with appropriate remarks that were well received.

SOME WHO STOOD HIGHEST.

In justice to those in the eighth grade students that stood so nearly abreast in the contest for the medal I deem it proper to publish the standing of each, and conditions upon which the medal was awarded.

Ethel Brown, scholarship 93, attendance 100—composition 93, average 95. Bessie Swain, scholarship 88, attendance 99, composition 96, average 94.

In awarding diplomas it was found that the diploma of Miss Zelma Baker had become misplaced and was not discovered until too late to rectify it at the time, and was regretted from the fact that all receiving diplomas upon these occasions enjoy receiving them with the rest.

Thanking the general public for the interest manifest in our public schools and occasional celebrations I am

Very sincerely yours, M. E. RIGBY.

WANTED A FRANCHISE.

At the regular meeting of the city council Wednesday evening M. L. Lewis was granted a 25 year franchise to construct and maintain a telephone system within the city limits.

SHERIFF GOT ONE MAN.

Sheriff Richardson arrived home Thursday from Idaho having in custody W. R. Esmond who is charged with horse stealing. The sheriff caught his man right on the line between Idaho and Nevada and had quite an exciting time in capturing him.

The city authorities have requested The Times-Herald to urge those who have lots in the Burns cemetery to call on the recorder and pay for them.
