## To have a Checking Account at the Bank is Not a Hobby

THERE IS REASON IN IT. IT IS WISE AND IT PAYS.

You can pay your bills by checks, which we return to you. Each check is a receipt in full for every dollar you pay out.

Your check book shows just where your money went. This is a good system of book-keeping. You can have your bank book balanced at any time. It should be balanced at least once a month.

Some times your memory fails you—you forget whether or not you paid a certain bill. If you keep a checking account and pay your bills by check, you can turn to your checks—they will show the bills you paid, the date and the amount.

Upon application we mail you free a Signature Card, Deposit Tickets and Check Book.
