Since our last issue two more other members of the J. J. Donagan family, his two little daughters, have taken scarlet fever. The cases are mild and both children are doing well. Another case is also reported in the home of Grant Sturtevant, the little 12-year-old daughter. The schools continue in session and there is very little uneasiness expressed that the fever will spread. Teachers have been advised to watch for any development or symptoms and to send any child home who may complain.

**To have a Checking Account at the Bank is Not a Hobby**

THERE IS REASON IN IT. IT IS WISE AND IT PAYS.

You can pay your bills by checks, which we return to you. Each check is a receipt in full for every dollar you pay out.

Your check book shows just where your money went. This is a good system of book-keeping. You can have your bank book balanced at any time. It should be balanced at least once a month.

Some times your memory fails you—you forget whether or not you paid a certain bill. If you keep a checking account and pay your bills by check, you can turn to your checks—they will show the bills you paid, the date and the amount.

Upon application we mail you free a Signature Card, Deposit Tickets and Check Book.
