BURNS, HARNEY COUNTY, OREGON, NOVEMBER 23, 1907

NO. 1

Times-Herald
Official Paper of Harney County,
largest circulation and is one of
the advertising mediums in Eastern

The Great Harney Country
Covers an area of 6,428,800 acres of
land, 4,631,061 acres yet vacant subject
to entry under the public land laws of
the United States.

RANGE
to establish pathological stations in the range states for the study and extermination of disease among flocks and herds; that the convention heartily endorse the work of the Bureau of Animal Industry in eradicating scab, and that sincere thanks be extended to Dr. S. W. McClure, United States Inspector, for his untiring efforts in the work.

SCHEDULE OF EXPENDITURE.
Showing as by law required, the amount of claims presented, filed and recorded against the county of Harney State of Oregon, and the amount allowed as the regular November, 1907, term of the county court.

SHEEP INSPECTOR REPORTS

ANNUAL REPORT TREATS OF OTHER SHEEP DISEASES.

Inspector and Deputies Find 2,059,227 Sheep in State, of Which 257,770 Were Affected With the Scab.

Dr. W. H. Lytle, state sheep inspector, has just completed his annual report to the board of sheep commissioners and the document contains a good review of the work done towards the eradication of scab in this state. Also it treats to some extent of other sheep diseases than scab and contains much valuable information for growers.

In opening his report Dr. Lytle justifies the state's action in taking up the fight against scab in a paragraph as follows:

"In the past unorganized efforts on the part of the various counties throughout the state had proven wholly inadequate to eradicate or control scabbies and other sheep diseases, and in most instances the efforts on the part of the several counties had proven insufficient to hold the disease in check. The federal authorities had no jurisdiction over sheep other than those intended for interstate shipment, and in an effort to protect the owners of sheep in adjoining states, were forced to demand a precautionary dipping at the time of shipping for all sheep intended for interstate shipment.

"This measure, while absolutely necessary, worked a hardship on the shipper, as well as on the flock owners especially in cases where owners maintained their flocks free from disease. Also these measures were in no way aiding in the eradication or control of the disease within the state, hence it was absolutely necessary that some measure be taken whereby diseases of sheep could be eradicated from the state of Oregon."

According to statistics contained in the report the sheep inspector and his deputies found a total of 2,059,227 sheep in the state. Of these 257,770 were found with the scab at the time of the annual dipping last spring. The total number of bands found affected was 192 and the approximate cost of dipping, paid by the sheepmen, was \$75,129.09. It cost \$4912.50 to pay the deputy inspectors.

The largest sheep county in the state, as shown by the report, is Malheur, which has 415,788, while Lake comes second with 255,085, and Umatilla third, with 240,956. Morrow county is fourth with 206,596 head.

SURVEYORS NOT CALLED OFF.

It seems from a statement made by Walter Struck, who returned from Lakeview last Monday, that the report that the railroad surveyors had abandoned was a mistake, as he found three crews at work.

The Times-Herald secured its information from Mr. Hughet who had been with the survey for many months, and therefore considered it right. It is pleased to learn it was in error. The survey is practically completed now and no doubt with the return of normal conditions in the financial world we may expect construction to begin. As early as the weather will permit in the spring. Such being the case the Harney County will take on new life in the spring and thousands of new people will be here to get some of the choice government land now open for entry.

BUY OUT COLUMBIA SOUTHERN.

It is very probable that the Columbia Southern Irrigation project will be taken over by Hon. Van B. Delashmatt, one-time mayor of Portland. Mr. Delashmatt has been in Laidlaw for the past week or 10 days going over the project thoroughly and has left for his Portland home very favorably impressed with what he found. C. M. Mudd, local superintendent of the company, was in Bend last evening and reported that Mr. Delashmatt had practically decided to buy out the old company, and this he will do if nothing develops to cause a hitch in the transactions. There

is no trouble expected in this respect.

If the sale goes through, Mr. Delashmatt will move at once to Laidlaw and it is expected that he will be located there in three or four weeks. It is his intention to complete the reclamation of the entire project.—Bend Bulletin.

SURVEY FINISHED TO LAKEVIEW.

The "railroad survey" from Klamath Falls to Lakeview was completed Tuesday noon. The survey intersects the north and south line running through Lakeview, at the southwest edge of town. The survey runs on a straight line from the mouth of Drews Creek canyon, on the west side of Goose Lake valley to Lakeview, a distance of about twenty miles. The exact distance from Klamath Falls to Lakeview, according to the survey, is 100 miles and 283 feet. Mr. Journey, who has been in charge of this surveying crew, will return over the route, so we understand, and make the route permanent.

Mr. Journey's crew will go to Abert lake this week. Lakeview bids fair to become the junction of two important railroads, one running north and south and the other East and West. With this distinction Lakeview will become the most important city in Southwestern Oregon. Its importance as a shipping point can hardly be estimated, as the resources of the surrounding country are almost wholly undeveloped, and the output of the country under undeveloped conditions are enormous.

With two outlets, or in fact, three, because the north and south line will make connections both with Eastern and Pacific Coast lines. Lake county will be a great producer of the food stuffs of the world.—Lakeview Examiner.

Man that is born of his parents is of few days and full of microbes. He goeth to school when a youngster and gets the seat of his pants paddled for something he didn't do until he is sick at heart. He groweth up like a weed in a back yard and soon reaches the age when he is composed largely of feet, freckles and an appetite for pie. About this time he gets too long for his short trousers and not long enough for long ones. He goeth away to college, learneth how to monkey with a three dollar mandolin and play whiskey poker. He cometh home a bigger fool than ever and marieth a sweet young thing, whose pa is supposed to be wealthy, but whom he subsequently ascertained couldn't buy the prize rooster at a county fair. He worrieth along from year to year, gradually acquiring oil springs until his house resembles a Sunday school class just before Christmas. He fretteth through the day and lieth awake nights trying to figure out how to keep himself and his dependent population out of the poor house. Efforts are rewarded by having his daughters run away to get married who bring home a nice son-in-law every few days to feast at his board. His sons grow up and call him Governor and set him back a five spot every day or two. About this time he acquired enough lucre to make it worth while for his heirs to quarrel over. He fasteneth on to a cold and is hurried away before he has had time to have a talk with his family. His sons blow in his estate on bad whiskey and plug hats, and his wife puts the finishing touches to his career by marrying the hired man.—Ex.

COLONISTS BREAK RECORDS

NO LET-UP IN ADVERTISING OREGON'S MANY RESOURCES.

Two Hundred and Thirty New People Found Homes in Oregon Every Day From September 1 to October 31.

Two hundred and thirty new people found homes in Oregon every day from September 1st to October 31st as a result of the colonist one-way tickets, and the help of the newspapers the population and wealth of the State has been enormously increased. The exact number of tickets sold as reported by Mr. William McMurray, General Passenger Agent of the Harriman Lines, for 1907, was 13,753. For the same time in 1906 it was 8890, an increase of 4863 or about sixty per cent. This of course does not include tickets sold to Oregon over the Canadian Pacific, Northern Pacific, Great Northern, or any other roads whose tickets come around by way of Puget Sound. The Oregon Development League has made the colonists rates the chief feature of its work. The Portland Commercial Club circulated 400,000 leaflets with this low rate its central feature, and probably no advertising ever done by any State in the Union has shown better results. The rates will be on again during March and April, 1908.

LOCAL AND PERSONAL.

Leo Buchanan was down from the station Wednesday.

BORN—To Mr. Mrs. J. O. Cawfield Tuesday Nov. 19, a son.

Fred Haines was a business visitor from Harney last Monday. Local dealers have already begun to display Christmas goods.

Lipk Hutton and family were in the city the first of the week on a shopping tour.

J. J. Heinz was in the city from Lawen the first of the week after some agricultural implements.

Harry Austin and his brother were up from the lakes Tuesday. They had been having some sport with the birds.

F. J. Klink, local manager of the Telephone Company, has been looking after business in this city the past week.

Arthur Horton, who has been quite ill from typhoid fever for several weeks, is slowly recovering, although quite weak.

Mr. and Mrs. Wm. Cummins took their departure Wednesday by private conveyance for Boise City where they will spend the winter.

J. E. Johnson came over from his Malheur county home last Tuesday. He is here to do some surveying for the P. L. S. Co. and expects to remain for an indefinite time.

Sheriff Richardson and city Marshal Anderson arrived home Tuesday evening from a trip to Lake county where they were looking for a suspected murderer. They failed to get any trace of the man wanted.

W. L. Blott came up from his Dog Mountain homestead Monday and Tuesday made proof. He thinks of taking up his residence here for the winter and make this his head quarters while sinking wells.

L. Woldenberg, manager of the Blue Mt. Rapid Transit Co., was over from Canyon City the first of the week looking after his interests. He reports everything moving most satisfactorily on the line. Mrs. Woldenberg and children will be over to spend Christmas with relatives and friends.

Dr. L. E. Hibbard and his uncle, George Hibbard, are back from their pleasure and business jaunt to the southern part of the county. They report a fine outing, besides doing a great deal of dental work for the people of that section. Dr. Hibbard is loud in his praises of that portion of the county and of the hospitality of the people. They are a fine lot of sturdy pioneer men and women who still cling to the frontier customs and always treat their visitors in a princely manner.

If you intend to build see Adam George. He will furnish you plans, specifications, doors, windows and hardware for about half what windows formerly cost. Address him at Lawen.

It comes up in a collapsible tube with a nozzle, easy to apply to the soreness and inflammation, for any form of Piles; it soothes and heals, relieves the pain, itching and burning. Man Zan Pile Remedy. Price 50 cts. Guarantee. Sold by The Welcome Pharmacy, Burns, Ore. Fred Haines, Harney, Ore.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS
The Publishers of Webster's International Dictionary allege that in 1906, the popular knowledge of the English language is so rapidly increasing that the dictionary is becoming obsolete and that the publishers are entitled to a new dictionary. The court has sustained the claim and awarded the publishers a new dictionary. The new dictionary is now being prepared and will be published in 1908. It will be the most complete and authoritative dictionary ever published. It will contain all the words and phrases used in the English language. It will be the most valuable work of reference for every student and scholar. It will be the most complete and authoritative dictionary ever published.
