CULIAN BYRD - - - - - Manager

The Times-Herald will publish some laws and rulings governing the rights of residents to cut timber on public land in its next issue.

Late advices from Washington are to the effect that the senate subcommittee appointed to examine into the report upon the nomination of Christian Schubele as district attorney for Oregon will bring in a unanimous report against his appointment. Lack of qualifications will be the grounds upon which the objections are to be based.

The Times-Herald believes in doing its share toward advertising the resources of Harney county and telling hundreds of readers who are constantly writing in from other states of the wonderful opportunities here for the homeseeker and capitalist. It believes in honesty and therefore would caution any of those who are familiar with the public land laws to not be deceived. Timber and stone land may be purchased by any person of lawful age to the extent of 160 acres at \$2.50 per acre. The Times-Herald will be glad to furnish any of its readers with a reliable compilation of the public land laws upon application to this office.

OF A POLITICAL NATURE.

The Times-Herald has never made it a custom, under present management, to bring out candidates or boost men for office who have not first publically announced themselves and come properly before the people as aspirants for political honors. It has followed this course for many years but for once will deviate from this custom as it believes circumstances justify such a course—especially when it is asked by old time friends who have apparently been neglected. We wish it distinctly understood however, that this is the only exception and aspirants who follow must "toot their own horn" or put up for it at regular advertising rates.

There are a few old time men of ability and known integrity who certainly deserve consideration at the hands of the voters of this county. All good men, too—loyal party men who have committed no worse offense, perhaps, than vote for men on the opposing ticket when they found them the best qualified and most deserving—a thing all self thinking and really good and independent citizens have done in the past and will do in the future regardless of party affiliations.

Among those who we would commend are first, Hon. I. S. Geer. Mr. Geer has served the people of Harney county in the past with credit, the last political honors falling to his lot was that of representing Harney and Malheur counties in the lower house of the state legislature. Mr. Geer has expressed a desire to be corner of this county and in our opinion would make a good one.

Another old timer in this class is Hon. Chauncy Cummins. Mr. Cummins has never held any position that would be considered lucrative, but has been mayor of Burns more than once. He thinks he is deserving of something higher up and is an aspirant for the office of U. S. Senator or on the platform of "Statement No. 1"—nothing else goes. Mr. Cummins' oratory would make him a place in front ranks in that august body and Oregon would receive consideration from the instant he took his seat. Why, our rivers and harbors would receive sufficient appreciations to dig them a mile deep, if necessary and both Baker City and Pendleton would be seats for new federal district courts if the boys wanted it.

Several of the friends of Tom Howard of this city are really hurt because his name has not been brought prominently before the public in connection with the office of state representative for Harney and Malheur counties. Mr. Howard is a pioneer resident of this section—in fact fought the Indians in Eastern Oregon along about the time some of "us kids" were born. He is thoroughly conversant with the conditions here, having "grewed up" with the country.

and would engineer through the legislature some measures, that would be particularly beneficial to his constituents.

John H. Garrett the pioneer Emigrant creek stockman, is also favorably mentioned in connection with the state senatorship.

There are still other worthy men who have not received the prominent mention they deserve, but who no doubt will be given consideration in time to get on the primary ballot if they can be prevailed upon by their friends to enter the political arena.

ANTHONY A. COWING

Anthony A. Cowing died at his home on Prather creek, Thursday morning, Jan. 30. The funeral was held from the home on Jan. 31st. Rev. A. J. Irwin conducting the services. Interment was in the Burns cemetery. Mr. Cowing was born on the river Tyne, Northumberland, England, Aug. 2, 1850, when six months old his parents immigrated to America, settling in Wisconsin, after living there a short time, they moved as pioneers to Minn., and found a home at Alexandria. Here both his parents died. There were seven boys and two girls in the family. Two brothers and the two sisters have gone on before. Four brothers still survive him; one living at Oregon City, Oregon; one at Goldfield, Nevada; two at Alexandria, in the old home. Mr. Cowing was united in marriage to Mattie Colby, Oct. 10, 1880. To this union three children were born; two are still living, Eddie having died Dec. 20, 1901. Mr. Cowing was confirmed, when a child, in the church of England; and was a firm believer in all the essentials of Christianity to which faith he passed from this life.

Mr. Cowing was a large hearted, public spirited man. He was the first sheriff of Harney county made so by appointment, serving from April 1889 to July 1890. He was then elected to succeed himself in 1890. He was also appointed Receiver in the U. S. land office at Burns by Grover Cleveland in 1894 and held this position for over four years.

Mr. Cowing was one of the most faithful and efficient officers Harney county ever had and during his public life made many loyal friends who remained his staunch admirers until his death. He had resided in this county since the early '80's and had accumulated considerable property.

LOCAL MAIL SERVICE.

It is a common practice to utter complaints against mail service furnished by the S. V. line, but a careful investigation will disclose the fact that all such is unwarranted. If the critics will do as the News man did and take a ride on the mail car where mail agent Smith handles the monstrous mail sacks he will discover how unjust his criticisms are. Mr. Smith can do more in a minute, and do it right, than some of his critics could do in two hours. This is no figure of speech either. But The Times-Herald, whose observation was the same as that of the News, aptly suggests that if the train were held at Baker for one hour later 12 hours would be gained, as the Portland mail train reaches Baker just one hour after the S. V. leaves. Doubtless a combined pull would result in such change. —Grant County News.

HIGH SCHOOL LITERARY.

The meeting was called to order and the roll was called and the minutes were read. Judge Miller was appointed critic. The program for the afternoon was as follows: Song by school... Jaunita Reading... Zella Irving Debate, Resolve That the Doctor is More Useful Than the Lawyer. Affirmative, Ella Sweek, Flossie Richardson, Joe Thompson. Negative, Lelia Egli, Millie Hulbert, Ethel Brown. Song by school... Star Spangled Banner Solo... Louel Smith Reading... Lenora Sisemore Instrumental Solo... Genet Gowan Solo... Dorcas Sweek Song by school... Three Fishers Judges of the debate, Nina Wiseman, Frankie King and Agnes Cawfield decided in favor of the affirmative. After the critics report we ac-

cepted the Treasurer's report. The president appointed Louel Smith, Neta Geer and Elmer McLanus to prepare the program for two weeks. We adjourned at 3:30.

HOLDING CATTLE FOR \$4.50.

Umavilla county cattle feeders are now holding their cattle for \$4.50 per 100 pounds on foot and there is every prospect that they will receive this price by February 1, says the East Oregonian.

Cattle buyers are now offering \$4.25 and \$1 North Yaluma recently over 500 head of steers were sold at \$4.50.

About 1000 head of steers are being fed on McKay and Birch creeks tributary to this city and there is no disposition on part of any of the feeders to sell until they can get \$4.50 per 100. The cows and milks have been sold off largely and nothing but prime steers are now being fed and the feeders believe that buyers will come to their prices within a few weeks.

SHORTAGE OF FAT CATTLE IN THE NORTHWEST.

There is a shortage of fat cattle in the northwest and Umavilla county being one of the chief feeding centers will furnish a large part of the spring supply of steers and many feeders expect to receive 25 or 100 by March 1.

APPOINTMENT OF EXECUTOR.
