"The Woven Web", a strong drama of more than ordinary merit, has been selected as the bill to be produced by local talent for the town clock fund. This play will be under the direction of Carl Welker and will be a treat to the people of this vicinity. The parts are being assigned and active work is to begin at once. The production will be staged about the 12th of March. While there are some heavy parts in this bill, including a black-hearted villain, the play is well balanced with exceptionally lively comedy, therefore all will be pleased. It is hoped that a sufficient sum may be realized from this production to complete the fund for the clock so that it may be ordered at once.
