### Webster May Give up County Bench.

There is a possibility that Lionel R. Webster may resign as County Judge says the Telegram.

One proposition which has been submitted to him is to take charge of the good roads movement in Oregon. Another proposition is to be associated with a firm where he will receive a far better salary than the one he receives in his present official position.

"I do not like to resign," said Judge Wedster today, "and I do not know what I shall do. There have been many propositions made to me since I have been working on the Booth trial and I am merely thinking them over as yet.

"A number of people have suggested that I take charge of the movement for better roads. This would necessitate resignation from the County Court, probably. Good roads are a hobby of mine and I would resign as County Judge more quickly to take up work in which I am an enthusiast than in any other line, naturally. I have long studied the road question and everyone knows that Oregon is sadly in need of better highways. This can be remedied, to my mind only through the state. Oregon must take up the matter officially and must co-operate with the various counties. This is the only solution I can see at the present time. Assessing a district or community will not be so beneficial as working with the state directing the work.

"Give any county a couple of miles of macadam road, such as we have down to Linnton or on the Canyon road, or in the eastern part of Multnomah county, have the people see these samples of good roads and there will be no need of advocating them—the roads will advocate themselves. With a mile or two of macadam road in each county, the demand for good roads would sweep the state and there would be results to be proud of.

"As to what I shall do, of course, I cannot say at this time. Whether or not I shall resign is a matter for further deliberation."

Never forget you are one of the town, and that your deportment helps to make up the strangers estimate of the place. Sell all you can and buy all you can at home. Every dollar that is sent or carried away from home makes the town that much poorer. If you have the means invest in something that will give somebody employment. Do not kick at a proposed improvement simply because it is not at your door.—Monday Magnet.

Where is the Co-operative Christian Federation of Portland which has to reclaim several thousand acres of central Oregon land, build several modern cities in the desert and establish several manufacturing plants? A Silverton man who has spent two years in Harney county says that the way that county is developing is phenominal. The great areas of pasture are being divided into farms which produce a good stand of wheat, making the value of products far exceed that realized by stock raising alone. In two years farm areas have increased at least ten times.—Portland Journal.

FACTORY PRICES as one small profit above actual factory cost. We ship to 300 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. YOU WILL BE ASTONISHED when you receive our beautiful catalogue and study our superb models at the wonderfully low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with $1.00 profit above factory cost.

BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

COASTER-BRAKES, single wheels, imported roller chains and pedals, parts, repairs and equipment of all kinds at half the usual retail prices.

$8.50 HEDGETHORN PUNCTURE-PROOF SELF-HEALING TIRES $4.80
A SAMPLE PAIR TO INTRODUCE, ONLY

The regular retail price of these tires is $9.50 per pair, but to introduce we will sell you a sample pair for $4.80 cash with order (or $4.55).

NO MORE TROUBLE FROM PUNCTURES

NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is $9.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent thereby making the price $4.55 per pair if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump. Tires to be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

IF YOU NEED TIRES of any kind don't buy any kind at any price until you send for a pair of the special introductory price quoted above, or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.

DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "E" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.
