The letter was dated Sunday and mailed in Burns, being received by the father Monday evening. The girl stated in the letter that she was enroute to Prineville and that she had left home because she was not allowed enough liberties; she hadn't time to get her lessons and would not attend high school and be laughed at by the other pupils. The father does not assign any of these reasons for her leaving and suspects other influences. The matter is now receiving investigation by proper authorities.
