THE RACES.
The racing cards have been ever good at the fair grounds track and there are a large number of horses present. The races Thursday were closely contested—that is the running—the trot being a special one mile go between Bois'd Arc and Redwood McGregor, two Idaho horses. This race was a fine exhibition and the latter was given his first mark on our association track. He made the first heat in 2:29 1/2 and the other heats were made in 2:39 and 2:43. In the quarter mile run Brandy and Wade Hampton made their usual spectacular finish with Brandy nosing out. Time 24.
The 1/2 mile dash free for all had four starters and it was a race from the beginning. Jerusha ran, last almost the entire distance, but moved up at the proper time and came under the wire first with Carrie Thatcher second. Time 1:04 1/2.
Yesterday's races proved to be as good as the previous day with a much larger attendance. In the half-mile trot for Harney county horses Chas. Johnson's Jimmie and The Remitter, owned by J. W. Biggs, were the only starters. Both are Dazzler colts and quite promising youngsters. Jimmie took two straight heats in 1:24 and 1:26 1/2 respectively.
There were three starters in the two and a half furlongs for two-year-olds, Pedro, Amburgran and Tom Cain. They came under the wire in the order named. Time, 34.
The three-eighths mile dash free for all was another battle between Wade Hampton and Brandy with the former winning. Time 36 1/2. Sylvia also started.
Three-quarter mile dash free for all, Confederate, Jerusha and Bell Griffon were the competitors. They finished in the order named and was one of the most thrilling horse races ever witnessed over this course. Time 1:16 1/2.
An exhibition half-mile pace by Pointer, an Idaho horse, was a pleasing feature. His time is 1:10.

Your Purse and Business Pulse
The money in your purse tells just what cash you have on hand. This is our grandfathers method of business.
The careful man of today avails himself of the check account and receives distinct advantages over carrying his money on his person.
Keeping your money in your purse has the same relation to your business as the physician who guesses at his patient's pulse. There is risk in either case—neither eliminates the chances of error.
The check account indicates with accuracy the condition of your business pulse. It records receipts and expenditures, the record is permanent and reliable.
It costs less to use a check book than a purse. This bank gives you protection for your money that no purse can offer.
Shift the responsibility for keeping your money safely from your purse to US.
