

SUBSCRIPTION RATES: One Year... Six Months... Three Months...

Just three weeks until the fair. Have you saved something from the field, garden or orchard to exhibit?

An exchange suggests that Dr. Cook should have brought the pole back with him and exhibited it at the Seattle fair—all doubt would then be removed.

The newspapers report that Mr. Harriman has suffered a relapse and is in a very critical condition. His illness is certainly to be deplored and his possible death would upset financial circles and be a decided loss.

Washington dispatches indicate that Secretary Ballinger has won the day in the controversy between the Interior and Forestry Departments, President Taft being satisfied with Ballinger's report and explanation. If such is the case Forester Pinchot will likely resign.

Now Commander Peary is on his way back from the north and claims to have reached the pole. He failed to see Dr. Cook's track in the snow, although he is supposed to have reached there in April this year, one year later than Dr. Cook, therefore he announces that Cook never reached it. Peary hasn't furnished any particular proof of his reaching the pole yet, so Cook has an even break anyway.

The Times-Herald is in receipt of a copy of a booklet "Well Irrigation of Small Farms in Willamette Valley," by R. M. Brereton, of Portland. It is devoted to an explanation of the well irrigation systems and its advantages. While the publication deals entirely with conditions in Willamette Valley it will be found of great benefit to people in this section as many practical suggestions are offered. A copy of this booklet may be obtained free by applying to Wm. McMurray, General Passenger Agent of the O. R. & N. Co. at Portland.

NOTES FROM SUNSET.

-ANANIAS-

Mr. and Mrs. Henry Harner and son Clarence left for Vale the first of the week.

Mrs. Ray Barron and children are enjoying a short outing at Mud Lake.

Geo. Hopkins and family have returned from Weiser, Idaho, where they spent the summer.

Mrs. M. J. Nash has returned from the H. C. Levens place.

Joe Cavender visited his homestead the first of the week.

Messrs. Nash and Black have returned to their work at Harney. Mr. Nash was quite painfully injured and was compelled to stop work for a few days.

A. Spicer and daughter, Edna, are enjoying a few weeks' stay at the former's homestead in this neighborhood.

Al Hart is driving stage during Mr. Spicer's vacation.

The occupants of the stage narrowly escaped injury Monday when the front axle broke while coming down the Wright's Point grade. C. W. Lewis of Narrows, who was a passenger, toured the valley for a hack to take the mail through.

LIGHT FRANCHISE THREATENED.

The city council at its regular meeting Wednesday night took up the matter of the electric light franchise. Howarth Bros. of Seattle are here and desire to put in an electric light plant. They conferred with the local company and we are informed by a representative of the company, were offered the plant for one-half what it has cost them, but they considered the figures too high. Howarth's do not wish to establish another plant with the present franchise holding and as the company has not furnished light continuously it has opened the way to have its franchise revoked.

The council has given the company notice to appear this evening and show cause why the franchise should not be revoked.

Job printing—The Times-Herald.

LOCAL OVERFLOW.

BORN—Yesterday, Sept. 10, to Mr. and Mrs. J. T. Garrett, a daughter.

A. O. Faulkner left Tuesday for the railroad where was called on business.

Fred Otley and wife were among our Lawen visitors the first of the week.

A. W. Hurlburt was a business visitor from his home near Warm Springs this week.

There have been three deaths from diphtheria in the John Day valley in the past ten days.

C. H. Voegtly and wife are back from a visit to the Seattle fair and other points of interest.

FOR SALE—200 cords of pine wood at \$1.50 per cord. Slab wood \$1.00 a load at the Harney Saw Mill, L. R. Bunyard.

A meeting of the White Swan Borax mine Association is called for Saturday, Oct. 18, at 7:30 P. M. at the town hall. Important.

A. J. IRWIN.

Mrs. Frank Metschan and daughter Marie left last week for Portland where they will visit with friends and relatives for some little time.—Blue Mt. Eagle.

Miss Vera Hendricks arrived here last week from her summer's visit to Seattle and other outside points. She spent the week visiting friends in this city and goes to Lawen next week to take up her duties as teacher in the public school of that district.

Wm. Walker, clerk in the local land office, will leave Tuesday morning for his former home in Wisconsin where he will spend his 30 days leave of absence. Mr. Walker's father is in a very critical condition and his life is despaired of.

The usual matinee at the fair grounds will not be held tomorrow afternoon. The weather is rather disagreeable, besides the band is not available, and it is possible to have additional strings of horses, both in the harness and running events by the following week.

Joe Sturtevant and wife arrived here Monday in their high wheel auto, having brought Dr. and Mrs. Horton with them from Portland. They made the trip without accident or delay which speaks well for the machine. Joe is here to settle up some business and visit with friends for a short time.

E. N. Nelson is back from a trip through Lake and Klamath counties and parts of California. He says he saw fine fruit, grain and vegetables growing at a much higher altitude than Harney Valley, therefore has more confidence in this section than formerly. Mr. Nelson will now do some more work on his homestead.

Local horsemen who have been making calculations on going from our fair to John Day with their racers will be disappointed. There will be no racing at the Grant county fair according to word received from there. Horses from here will likely go to Prineville as it will give them ample time between the two meets.

Both the public school and high school opened this week with larger attendance than expected. There were 30 new pupils to enter the first grade of the public school and 22 new ninth grade pupils in the high school. The teachers have got things running smoothly and the pupils all look forward to a most profitable school year.

The Comptroller of the Currency has again called for a Statement of Condition from all the National Banks. In the report of the Harney County National Bank, published in this issue of the paper, this bank shows a large increase in deposits. The Harney County National Bank's deposits are now over \$221,000.00, thus showing an increase in deposits of \$53,000.00 for the past sixty-seven days. This bank fittingly represents stability and progress. The stockholders are all home people.

A meeting of the Burns Commercial Club was held last Tuesday evening at which time the resignation of Frank Davey as a member of the executive committee was accepted and A. Schenk was elected to fill the vacancy. The election of a secretary was discussed but postponed for two weeks. In the mean time the executive and finance committees are to meet and fix the compensation and recommend at the next meeting of the club a suitable person for secretary. The chair will also announce the committee of one to begin collection of data for a descriptive pamphlet for the purpose of advertising the resources of Harney County.

Job printing—The Times-Herald

Al Cote was in last night for medicine, his children having summer complaint.

Some very desirable residence and business lots in Burns can be secured by seeing Irving Miller.

640 acre ranch for sale suitable for dairy or stock ranch. Abundance of water for irrigation and power—inquire at this office.

Dr. Griffith made a professional trip to Cow Creek yesterday to see Mrs. James Pirie. He reports the lady better.

Della Day Freeman, professional nurse. Parties desiring her services may find her at the home of Thomas Sagers, Burns.

FOR SALE—Farm implements, including a mower and rake, harrow and plow, a light wagon and other tools. See H. Kallenbach.

Four car loads consisting of bugates, wagons, plows, harrows, farm machinery, barb wire and nails now en route. See C. H. Voegtly for prices.

Hank Anderson got struck in the eye with a 20-penny nail this morning while working on his barn. His physician could not tell as yet how serious the injury is.

We wish to announce now that any of our farmer subscribers who desire to may pay their subscription in grain, wheat, oats or barley at the market price. The manager of this great religious wants to take care of his chickens, horse and cow and will deal direct with the farmer.

According to the Eagle only Grant county teams participated in the baseball tournament at Prairie City this week. Four teams, in all participated and Prairie took the first money. Austin second and Canyon City third. There was a good attendance and quite an interest shown.

Report of the condition of the FIRST NATIONAL BANK OF BURNS, in the State of Oregon, at the close of business, September 1st, 1909.

Table with columns: ASSETS, LIABILITIES, and various financial items like Loans and Discounts, Overdrafts, U.S. Bonds, etc.

NEW STOCK YARDS TO OPEN.

The opening of the new Union Stock Yards at Portland, which takes place the 15th of September, will be an epoch in the live stock industry of the Pacific Northwest and is of more than passing interest to this particular section. The creation of a place of barter and sale where there is every day in the year an active demand for all of the live stock offered, means much to the stock raisers of this section who may be in close touch with the market during the driving season at least.

The Union Stock Yards at Portland are as complete and as modern as experience and money can make them. Our local stockmen should take an interest in these yards and rub up against the management. It will be to their advantage.

If you are interested in good hogs let me sell you a Registered Berkshire. DR. HIBBARD.

The LARGER the order the LESS it COSTS.

STAG SULKY PLOW. The Stag is one of the latest and best additions to the famous Deere Line of Riding Plows. Is light in weight, simple and durable in construction—full of genuine merit, and has shown its mettle and utility in every test it has been put to. It has amply demonstrated by its good work its right to be classed as a strictly up-to-date, high-class farm tool. It is certain to suit the most critical farmer and be a money-maker and a labor-saver for him.

"If It's a Deere—It's Right" and does its work perfect ease to the operator and team. It is manufactured and sold as a tongueless plow—a tongue not being necessary to best results, but one is supplied at slight cost to those who prefer it that way. The Stag is the simplest riding plow built—anyone who can hook up a team and drive 'em straight can operate it successfully. It possesses many superior features not found on other plows, and it takes a whole book to illustrate and describe them. Better write for it today and all the information you want about this superior implement.

C. H. VOEGTLY. Edw. J. CATLOW, Executor of the Estate of Peter Andriou Deceased.
