A rather unusual runaway occurred on the street Thursday afternoon. A. O. Faulkner was just returning from a drive and one of the horses stumbled and fell breaking the strap attachment to the neckyoke. This allowed the buggy to run forward striking the animal as he attempted to rise and he started to run. The lines came apart and Mr. Faulkner and his companions, Homer Bringle and another young fellow, began to unload. The team turned and ran less than a block when the other horse fell and in the mixup the buggy was turned completely upside down. No one was hurt and very little damage done to team or rig.
