

INDUSTRIAL NOTES.

(Portland Correspondence).

A fast mail train between Chicago and Portland that will bring Eastern mail to Oregon in much less time than is now required has just been put on by the Harriman lines. The train will carry no passengers and will make the run between the two cities in 60 or 62 hours, clipping off from 10 to 12 hours from the present schedule. In this way the Harriman lines expect to meet the shortened schedules of the Hill roads, which have put in fast trains from St. Paul to Puget Sound.

Ground will be broken early in December for a big cement plant near this city that is expected to contribute largely to the supply of this building material used in this territory. The new industry will have a capacity of 1500 barrels daily at the start, with provision for enlarged facilities later. It will cost \$1,000,000, will be located at Oswego, a short distance south of the city. It is thought that the field for a cement factory here is unexcelled, because of the convenient source of raw materials and the big market for the manufactured product.

Astoria is in the limelight because of a splendid building record during the first nine months of the year. Improvements carried on by the municipality and business interests there during 1909 total over \$1,000,000. This is a splendid showing and with such a spirit being shown, Astoria's outlook is very bright.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by all good dealers.

GUPTION ON THE FARM.

If you hoe your own row with diligence you will have little leisure to note how your neighbor is hoeing his.

Better have patches on your pants than a lot of unpaid bills and threatening creditors.

How can any man sleep well at night when he has scolded and whipped his horses all day.

Beginning to think about your woodpile? That's right. Cold nights make us creep up about the stove.

Enough dry wood and chips to last a week is riches; fire out and the last stick gone is poverty.

If you tell a boy, day after day, that he isn't earning his salt, he will soon be likely to work down to that estimate.

If the soil needs underdraining, now is an excellent time to lay the tiles. They should be at least two and a half feet deep.

Don't give the cats and dogs stale, dirty or soapy water to drink. See that it is clean and fresh. You know how it is yourself.

It pays better to be behind

everybody else in getting fall grain sowed and thus have the ground well stirred, than to hog over it and have it half done.

Money spent on booze is wasted, spent on clothes is vanity, spent on food is gone, and fooled away is wicked; but money spent for seed or a fruit tree is wisely invested.

The patrons along a rural route are apt to expect too much from the carrier. It would be a great help to the farmer to apply to the government for a copy of the postal laws in reference to the regulation of rural carriers.

Are you planning to build a new house this fall? Don't make it too large. Many houses are so large that the women folks are kept scrubbing a good share of the time. Large enough for all practical purposes, but no larger, should be the rule.—From October Farm Journal.

Well Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins, of Glasgow, Ky. This remedy is for sale by all good dealers.

Here is where the papers will write up weddings ten years hence: "The bride looked very well in a traveling dress, but all eyes were centered upon the groom. He wore a dark suit that fitted his form perfectly and in his daintily gloved hands he carried a small rose. His curly hair was beautifully done, and a delicate odor of hair oil of the best quality floated down the aisle as he passed. The young people will miss him now that he is married. He is loved by all for his many accomplishments, his tender grace and his winning ways. The bride commands a good salary as bookkeeper and the groom will miss none of the luxuries to which he has been accustomed. A crowd of pretty men saw him off at the depot."

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the Heart, and one to the Kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the restorative, treatment patients say they realize a gain. Sold by Reed Bros.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute" too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by Reed Bros.

NEW CLUBBING PROPOSITION

We have arranged to offer in connection with this paper, the new monthly farm magazine just started at Lincoln, Nebraska, by Prof. H. W. Campbell and devoted to the subject of how to farm in the dry country and how to get best results from soil tillage under normal conditions. This Paper is Campbell's Scientific Farmer and we offer it clubbed with The Times-Herald both for \$2.50 per year cash. Prof. Campbell's new paper is a monthly, chock full of good things, the only paper of its kind in the world, and it embodies the results of the editor's many years of painstaking investigation of the soil tillage proposition.
