

One Year... Three Months... JULIAN BYRD

While Harney county soil and climate may not be adopted particularly to fruit raising as a whole...

Says the new Stanfield Standard: "The people of Oregon have a grouse at the idle land speculator..."

An article in the current issue of the Westerner, written by one Edgar L. Hampton...

Local farmers should get their soil in readiness for the moisture that comes during the winter...

The Burns Commercial Club is now preparing for an active advertising campaign during the winter months...

The tendency to the improvement of stock of all kinds by local growers is commendable and should be encouraged...

The recent sale of the Alvord ranch to new people at a big figure evidently means the cutting up of the big ranch into small holdings...

No other section of the United States has the quantity or quality

of vacant land that we have for the prospective settler. All that is necessary to put an industrious family on every 160 acre tract of land in the Harney country is to let the people know what we have.

DAVIS-DALTON.

A very pretty wedding was solemnized at the home of Mr. and Mrs. J. M. Dalton last Wednesday evening when their daughter, Merle, became the bride of Alma Davis.

Mr. and Mrs. Davis are among the most popular young people in Harney County where both have lived since childhood. The bride is the eldest daughter of Mr. and Mrs. J. M. Dalton and has been a teacher in our public schools.

The Times-Herald join a host of friends in extending very best wishes for a happy and prosperous life.

Where Good Guessing Pays.

The members of the local Rebekah lodge have a novel plan of raising funds with which to assist in furnishing the new Odd Fellows lodge room nearing completion.

A glass jar has been filled with beans and it costs each individual 50 cents to guess at the number of beans in the jar.

NOTES FROM SUNSET.

ANANIAS.

Mr. Parkins and wife left for their home in Grant County, Tuesday, after making annual proof on Mrs. Parkins' desert claim.

Thomas Dawson who was threatened with pneumonia last week, is much improved.

R. D. Stahl arrived home the first of the week from John Day with a large load of fruit and vegetables.

W. R. Dawson was at home during the sickness of his father. He returned to the Island Ranch Sunday, where he is operating the large ditching machine for the P. L. S. Company.

Mr. Hibbard and son went through the valley last week with lumber. We did not learn their destination.

Several of our families who have children of school age are moving to town instead of sending them to their home school. This is wrong as we have a good school building centrally located and our school is in charge of a competent teacher, Miss Neva Hodder.

Robt. Settlemyre has purchased some of the fall wheat which J. M. Dalton is introducing in the country, "Gold Coin." Whenever there is anything to help in the improvement of the county you will always find Bob in the lead.

Collin Dawson and Ches. Hibbard will furnish the music for the big dance of Nov. 5.

A LOST ELK.

Years ago elk were numerous on the upper South Fork but none have been seen there for several years, consequently there was much excitement at Canyon City the other evening when Sice Parish reported by phone that a lone "Elk" had become lost from his "herd" and after roaming about without food or water four

or five days showed up at Parish's ranch and reported he had "found himself."

Some of the local sports were for organizing a hunting party at once, but Sice told them it was the close season for elk and the trip was abandoned.

After joshing awhile Sice said Fred Eppinger came in that afternoon having been lost from his companions for four or five days, looking pretty ragged and hungry. He asked for food, shelter and clothing until he could recuperate and be able to return to Baker City.—Blue Mt. Eagle.

This, perhaps, the same man mentioned in our last issue as being lost in the Emigrant Creek neighborhood.

Waverly Happenings.

Gray Kenney and August Haarstrich have gone to Vale after supplies.

A literary society will be organized at the Thompson school-house, Tuesday night.

Mr. Kilby is back to his homestead again.

David Williams is working for Oren Thompson.

Grant Thompson is going to build a large barn this fall.

D. A. Brakeman and son arrived Saturday, from Ontario, with merchandise for his store.

H. F. Ringen, accompanied by his sister and brother-in-law, visited at Waverly, Sunday. They were looking for government land that would be desirable homestead entries.

Henry Reinhardt has returned from Harney where he has been working at the carpenter trade. Mr. Reinhardt is now hauling lumber.

Homer Kissinger is another new-comer.

Mr. Bennett has arrived from Pullman, Wash.

L. L. Poujade is over from his Cow Creek home.

Fred Otley and wife were up from Lawen yesterday making a transfer of some real estate to some Idaho parties.

Dr. Griffith was called to Narrows Thursday to see Mrs. Farnsworth, an aged lady, who is quite feeble. She is some better.

Mrs. I. H. Holland and Miss Ella Crowley have gone to Alvord to bring back fruit which they put up over there during the summer.

The regular monthly meeting of the Burns Commercial Club will be held Tuesday Nov. 2nd at 7:30 p. m. in the Club rooms. It is hoped that every member will be present.

Harry L. Corbett, J. Wesley Ladd and Alex Hanley are expected here today in a touring auto. The party came in the machine from The Dalles. Mr. Corbett comes on business and pleasure, being connected with Wm. Hanley in large land holdings in this county. Mr. Ladd is just out for the trip.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the Heart and one to the Kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the restorative, treatment patients say they realize a gain. Sold by Reed Bros.

A \$500 cabinet grand piano for sale cheap. Been in use only a short time. For particulars apply to Mrs. J. P. Brown, Drewsey, Oregon.

Archie McGowan and associates who own the Harney County Abstract Books are reorganizing a strong company. They are putting two first class abstractors to work and by the first of the year will have the books all brought up to date and modern in every particular.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tackling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine.

How to Cure a Cold.

Be as careful as you can, you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy.

STAG SULKY PLOW. The Stag is one of the latest and best additions to the famous Deere Line of Riding Plows. Is light in weight, simple and durable in construction--full of genuine merit, and has shown its mettle and utility in every test it has been put to.

"If It's a Deere--It's Right" and does its work perfect ease to the operator and team. It is manufactured and sold as a tongueless plow--a tongue not being necessary to best results, but one is supplied at slight cost to those who prefer it that way. The Stag is the simplest riding plow built,--anyone who can hook up a team and drive 'em straight can operate it successfully. It possesses many superior features not found on other plows, and it takes a whole book to illustrate and describe them. Better write for it today and all the information you want about this superior implement. C. H. VOEGTLY
