INDUSTRIAL NOTES.

(Portland Correspondence).

Much work on the rivers and harbors of the Pacific Northwest will be accomplished during the coming year provided the recommendations of Major McIndoe, corps of United States Engineers, in charge of this district, are followed. Major McIndoe has just made his annual report to the Secretary of War and urges the expenditure of $3,042,500 in river and harbor improvements in this district for the fiscal year ending June 30, 1911.

The largest appropriation recommended is $.560,000 for continuing the improvement at the mouth of the Columbia River. The sum of $1,000,000 is urged for work in the same stream between The Dalles rapids and Celilo Falls. The remainder of the desired appropriation is divided between the different coast harbors and work on the Columbia, Willamette, Snake and other rivers, including the Cowlitz, Grays and Lewis rivers in Washington.

According to the report, operations during the past year consisted largely in dredging shoal places between Portland and Astoria in the Willamette and Columbia rivers and in extending the Columbia jetty besides some work at Coquille and Tillamook and dredging in the Upper Willamette and Upper Columbia. If Major McIndoe's recommendations are carried out, they will mean much permanent work of great value to the whole Pacific Northwest.

Portland takes fourth place among cities of the United States in wheat exports for the 11 months of the current year ending with November. This is according to the report of the Secretary of the Treasury on breadstuffs exported from this country. Puget Sound comes next after Portland. New York is first, Philadelphia second and Duluth third. Last year Portland ranked second in the country in wheat shipments. The figures at compiled of wheat exports not include large shipments of wheat from Portland to California. This tonnage is very heavy each year.

The fine new steamship Bear for the run between Portland and San Francisco will start west from Newport News, Virginia, January 9 and her sister ship, the Beaver, will come soon after. Both will go into commission at once upon arrival. These boats are the new Harriman liners built for the Coast route and are the finest ever in commission between here and the south.

Blooded chickens and cats from various parts of the Pacific Northwest have had their innings during the past week at the show of the Oregon Poultry & Pet Association. A splendid show was held, many of the prize fowls having been on exhibition at the recent Seattle Exposition. The exhibit of pure blood poultry shows the advance in this industry in the Northwest within the past few years.

Delegates from Oregon, Washington, Idaho, Montana and Utah will attend the convention of the Western Retail Lumber Dealers' Ass'n., which will meet in Portland, February 14, 15 and 16. Lavish entertainment of the visitors by the manufacturers of this district will be a feature of the convention and plans to give the delegates a good time are already under way. A committee, headed by W. B. Mackay, has this feature in charge. An elaborate banquet is on the program and trips to the sawmill plants near the city, excursions on the harbor, and probably a jaunt to a logging camp in the timber not far from Portland are promised. The gathering will be an important one in lumber circles and it is expected there will be 400 delegates in attendance.

Danger of Too Large Farms.

The work of the general land agent who sells great tracts of land is not to be encouraged, for what is desired is the man who can take up a small tract and operate it successfully. The great trouble and danger in farming life is for a man to try to carry more than his capital warrants. It must be remembered that no business can thrive without capital of some capacity—capacity sufficient to carry on its work, and the poor man is prone to tackle more than he can handle. The man that says 'get a big tract and work it on a few hundred dollars' is misleading. Make sure of what you can do and then do it. Take a small tract and cultivate it and thrive, and if capital is expanded for its success you will have it and the result will be to encourage others to follow your lead and our farms will soon be occupied and the country benefited.

Brother Kennedy of the Review did the most sensible thing in his life last evening when he took unto himself a wife. He and Mrs. Mina Wilmarth were quietly married in her apartments at the Redby in the presence of a few friends, Rev. C. P. Bailey performing the ceremony. The bride and groom are old experienced newspaper people and decided that one "chase" would hold both forms. The "make-ready" was rushed a little by the groom as he got his license a couple of weeks ago. We hope the delay was "justified." May their "quoins" never slip or their "forms get pied" is the wish of the Journal.—Prineville Journal.

If your stomach, heart or kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by Reed Bros.

No one need risk even one single penny.

Just think what this means to the suffering sick!

No risk, no sense, nothing whatever unless health first returns. For 50 full days, and without the risk, you can test either of my [illegible] remedies—Dr. Shoop's Restorative or Dr. Shoop's Rheumatic Remedy.

Who can say more than I say here?

Why purchase any medicine when the maker dare not back it just as I do by this remarkable offer?

And besides, I am no stranger to you.

My "No Sale Unless Pays" plan has made Dr. Shoop's Restorative and my other [illegible] every drug store in the land. They [illegible] sell. We use no chance whatever here.

For twenty years Dr. Shoop's medicines have become thoroughly [illegible] all over America. And I have [illegible] honest, reputable druggists [illegible] every village everywhere to accept my [illegible] terms. These selected druggists are [illegible] my medicines with the risk—and the entire [illegible] on me.

But write me first for an order.

I have an agent in almost every community—but all druggists are not authorized to grant the 50 day test.

So drop me a line, please—and thus save all disappointments and delays.

Besides, you are free to consult me by letter as you would your home physician. Do so freely and fully—if you desire. My advice and the book below are yours—and without cost. Perhaps a word or two from me will clear up some nerve ailment. I have helped thousands—yes thousands, by my private prescription or personal advice plan.

Besides, the books will open up new and helpful ideas to you. They tell of my 30 years experience at the bedside in homes and in Hospitals. All phases of sickness and relief are told of here. They point out how the stomach, nerves, no larger than a [illegible] the Heart its impetus. How the stomach and kidneys each have their inside of power nerve. How these organs nearly [illegible] when these controlling or master nerves begin to fail. How Dr. Shoop's Restorative goes [illegible] to these failing nerves and rebuilds, quickly [illegible] restores the lost tone and power. A word or [illegible] help you—if it is within the power of medicine to do so. My best effort is surely worth your simple request. So write now, while it is fresh in your mind, for tomorrow never comes. Dr. Shoop, Box 17, Racine, Wis.
