The basket ball games last night were quite interesting. The little boys who played first showed good form and will make great players. The High School team was outclassed by the "Kollege Kids," yet made an excellent showing. The younger boys put up a classy game and with the strength and experience of their opponents would have put them out with ease. The score was 18 to 29 in favor of the "Kollege Kids." The social dance following the games was enjoyed by a large crowd.

Dividends of Satisfaction. A certain man was called upon to pay a bill for which he had issued a check several months before. He turned to his file of paid checks and found the one issued in this particular case. There was the date, the amount, the name of the party paid, and also the endorsement on the back of the check by the man who received the money. The evidence given by the check settled the dispute. The check account will do the same for you—and more. A small volume of business can be transacted as well as a larger one. The benefits are relatively equal in all instances. You will get dividends of satisfaction from the use of the check account in the way of conveniences for your business. A Savings Bank Department is a feature of this Bank, in which interest at the rate of four per cent per annum is allowed.
