CONDEMNATION SUIT FILED.

The following is a press dispatch from Vale:

Condemnation proceedings have been instituted against the Pacific Livestock company by the Boise-Western railway company for the purpose of procuring rights-of-way through the defendant company's property.

HERMANN JURY DISAGREE.

After being out for a long time the jury in the Binger Hermann conspiracy case was unable to agree and was discharged.

For conviction 11. For acquittal 1.

That is the way the Binger Hermann jury stood irrevocably deadlocked when it was discharged by the court this morning a short time after 9 o'clock.

Those of the jury for conviction were C. F. Pearson, J. B. Thompson, William Myers, the foreman; Ben F. Skolfield, Friend D. Simmons, Smith Stephens, Henry B. Stone, Charles W. Risley, J. C. Smock, Wesley Houck, Albertus H. Metcalf.

George Selkerk stood out for acquittal. He held that he could convict the defendant under the law, but not under the evidence, and that his conscience would not permit of his disregarding the one phase of the case for the support of the other.

After the discharge of the jury Mr. Heney immediately moved that a new trial be commenced on Monday next, and meeting with the objection of the court that the jury panel had been excused until a week from Monday, substituted that date.

SOME RAILROAD NEWS

The Boise Capital News of last Monday contained an article on the possibilities of the proposed Boise-Butte railroad and what it meant to that city.

outlined that the Boise-Butte is now to make its ultimate terminal in Boise. The next connecting link to the Pacific coast is said to be the Boise & Western, for which articles of incorporation were filed in Burns, Ore., recently.

Local railroad men are asking what the Harriman interests will attempt to gain first control of the intermountain country and in this way block Hill.

The Southern Pacific is losing no time in preparing to entrench itself in the above named territory, against the time the Hill line or Gould's Western Pacific may seek to enter that territory.

The children are specialized in each service. A cordial invitation and hearty welcome are extended to all.

part in this program. It is being built out of Vale west to Burns and to Klamath Falls. The Harriman system is also paralleling Hill down the Deschutes canyon and will connect with the Oregon Eastern using that road as its link to meet the northern road and enter new territory in California.

SMALL LOSS OF STOCK IN INTERIOR.

Though the memory of "The oldest inhabitant" is being racked in vain to recall another such a winter as the one which is still being experienced in eastern Oregon, reliable informed stockmen say that conditions, even in the interior parts of the state, are not so bad as they have been reported.

These optimistic views are con-

firming in a letter received this morning by Attorney J. B. Perry from the men in charge of his stock in Harney county. This letter said that while hay was getting scarce that there was still plenty on hand to last a few weeks longer, that cattle were doing well and that there was no immediate danger.

Good Meetings Continue.

The revival meetings in the Baptist church continue with unabated interest. The attendance has been good and attention most excellent. The cottage prayer meetings have been held each afternoon and have filled the homes where they convened.

Grant county papers announce that L. Woldenberg has purchased a fruit farm in the upper John

Among those over from Harney yesterday to take in the mask ball were Roy Bunyard and wife, Joe Clark and wife, Grover Goodlow and wife and Fred Haines.

A new book typewriter with tabulating attachment and a new adding machine have been received at the court house. The officers are well pleased with these new machines.

It is now definitely known that the surveyors in the southern part of Harney and Malheur counties are in the employ of the Southern Pacific Co., and making a survey from the Twin Falls section straight through to Christmas lake, in this county.

Races at Paulina.

The horsemen of the country held a meeting on the sixth and organized to build a race track and fair ground at Paulina. J. D. Combs, president; H. J. Faulkner, secretary; Mike Crown, Elmer Clark and Marion Morgan, directors. They will hold a fair and races to conform with those at Burns and Prineville.—Prineville Review.

STAG SULKY PLOW The Stag is one of the latest and best additions to the famous Deere Line of Riding Plows. Is light in weight, simple and durable in construction—full of genuine merit, and has shown its mettle and utility in every test it has been put to. It has amply demonstrated by its good work its right to be classed as a strictly up-to-date, high-class farm tool. It is certain to suit the most critical farmer and be a money-maker and a labor-saver for him. "If it's a Deere—It's Right" and does its work perfect ease to the operator and team. It is manufactured and sold as a tongueless plow—a tongue not being necessary to best results, but one is supplied at slight cost to those who prefer it that way. The Stag is the simplest riding plow built,—anyone who can hook up a team and drive 'em straight can operate it successfully. It possesses many superior features not found on other plows, and it takes a whole book to illustrate and describe them. Better write for it today and all the information you want about this superior implement. C. H. VOEGTLY
