Misses Ada and Mary Neal were here from their home at Follyfarm in the eastern portion of Harney county the first of the week. The report that their father had lost almost all his sheep is a mistake we are pleased to learn. The loss in that section has been quite heavy but nothing like what has been reported. In fact false reports have gone out from all over Harney county regarding the loss of stock. On one large ranch where some 10,000 head of cattle were wintered the loss by actual count was less than 1 1/2 per cent. This is certainly a good showing. This ranch was reported to have lost from 20 to 50 per cent. If other reports are as much exaggerated we have come through the winter well.
