It was impossible to secure the awards on needle work flowers, pot plants, pastry, etc., for this issue. The premium winners in these divisions will be given next week.

RACES.

A lack of horses to compete for the purses caused some changes in the cards after the first day. It was a disappointment to the management but the best was made of the situation to entertain the crowd.

There were three races the first day besides the auto race. The latter proved quite an attraction and caused more exhibitions to follow.

The first card in the afternoon was a 1/2 mile dash free for all. Three entries were started: Wade Hampton by Bedell, Maine by Armstrong, Pilgrim Rose by Parker. They finished in the order named in 37 1/2. The mare did not get away from the score good in this race.

Jimmie Richardson and Allen Jones made a special saddle horse race to fill in for the regular one on the program. The race was 1/2. Allen took first money.

The half mile race free for all was a pretty race, Seventy and Sylvia made an exciting finish for second place. The race had three starters and Bonnie Regs was the winner. He seemed to out class the others and apparently won it with much effort. Time 51.

The auto race proved a very interesting and attractive feature. There were several cars eligible for entry but the track was too narrow to permit many cars competing with safety. The half-mile track is not built for speed with autos on account of the turns therefore high speed was out of the question. There were three Fords of 22-horse power started in the race proper and it would seem that all had an equal chance. The result resolved itself into the best driving. These cars are all light and hard to keep down on the turns and it

was the man who could put the car around these and gather higher speed on the stretches that made the best showing. Judge Rector's car driven by Ray Dunsmore won the race. Charley Miller's car driven by J. W. Crichton, state agent for the Ford, second and E. T. Heberton, made good time on the stretches but the other two cars had weight in the weight in the back to help hold them on the turns, therefore Mr. Heberton was handicapped. The race was for one mile but the machines made several laps and the timer did not catch the time on any full mile. The best time for a half was 51 seconds equal to the time for a half was 51 seconds equal to the time made by the race horses.

Mr. Hayes drove his 50-horse power Jackson for an exhibition half-mile and made the distance in 54 seconds. The machine was capable for very high speed but the short turns prevented this. The grand stand showed its appreciation of these exhibitions and much prefer this speed rather than faster with its dangers.

Wednesday's racing cards were good. Four events were pulled off during the afternoon. The first was a saddle horse race with four entries. Dan by Culp, Red Top by Smith, Rich by Jim Richardson and Wallace by Wiseman. Dan won with Red Top second.

Half mile special was run with Maine, Dynamite and Seventy as starters, Maine first Seventy second, time 50.

An exhibition trot by Claud McGee's Sidney Wilkes was an attractive feature. He made the mile with a running mate in 2:33.

Half mile running race closed the card for the afternoon. This was between Wade Hampton and Bonnie Regs and was won by the former in 51.

The racing cards Thursday consisted of four running races. The first had four entries, a saddle horse event, in which Allen Jones' gray took first money with the Thos. Stevens colt second. Mell Parker and Aruhur Culp each had a horse in the race.

A special 1/2 mile was pulled off next between Wade Hampton and Sylvia, a mare belonging to Jack Parker. Maine was entered but scratched on account of lameness. Wade won the race without effort, time 37.

The Indian horse race was then on the cards and four started. Owing to the late hour the judges told the Indians to go but one around the track. This was a disappointment to the crowd in the grand stand as all the fun of the Indian horse race is in the second lap when they whip their ponies and get all the run that is in them.

There were three starters in the 1/2 mile free for all. Bonnie Regs took first place, Seventy second. Dutch also ran. Time 1:17.

The races on Thursday were not satisfactory. In the saddle horse race and special 1/2 the horses were scored at the post too long. They were both good races but the people get impatient when they "jockey" so long at the post for an advantage.

The races yesterday were more satisfactory to the crowd and furnished some close finishes. The first was a pony race and there were four entries: Ben, Prince, Gray and Joe. They got away without any trouble, Ben taking first place under the wire with Prince second.

A special 1/2 dash was then pulled off and it was a pretty race between Flute, Ora Hill's saddle horse, and Pilgrim Rose with Wade Hampton. The latter won. Seventy came in third. Time 58.

This was followed by the stock parade which was the most interesting feature of the afternoon. Mrs. Grace Lampshire who is a superb horsewoman, led the parade. The fine stock made a very attractive appearance in passing the grand stand for review. A misunderstanding caused a disappointment in that the different classes were not announced from the Judges' stand as the animals passed in front. The Times-Herald would like to discuss the stock in detail but will take it up at another time.

Miss Ada Culp, Miss Drusa Dodson, Mrs. I. H. Holland and Mrs. Tom Allen gave an exhibition ride on saddle horses after the stock parade. Miss Culp's horse ran away with her causing some excitement but the little lady kept her saddle and no one was hurt.

ENTERTAINS BAR ASSOCIATION.

Mr. and Mrs. C. A. Sweek entertained the Bar Association at their home Thursday evening and those present report a delightful time.

After a few games of cards the guests were entertained by music which was followed by a delightful luncheon.

Hon. A. W. Gowan acted as toast master and called upon the following gentleman to respond: "The Trials of the Prosecutor," Dist. Atty. McCulloch; "Bumps of the Bench," Judge Geo. E. Davis; "The Law on the Political Highway," Hon. W. H. Brooke; "The Circuit Rider Abroad in the Land," Judge L. R. Webster; "The Press the Judicial Mentor," Hon. Frank Davey; "Mine Host" Hon. Dalton Biggs. Parting of the ways - full band - Auld Lang Ayne, Dalton Biggs chorister.

THE INSTITUTE.

There was a good attendance of teachers at the annual institute held this week and it was a very beneficial session. Prof. J. W. Livingston of Forest Grove, a recent arrival from Wisconsin, was here as an instructor and he was given close attention by the teachers present. He is an energetic and earnest educator and local teachers were glad to have him.

Prof. Livings-on gave an address at the fair grounds on Thursday afternoon, School Day, that was much appreciated by the large gathering of people. He again gave an address at the Presbyterian church the same evening to the teachers and a large number of people who are interested in educational work.

The teachers feel they have benefited by the institute work although there was no set program arranged before. The school day at the fair was a pleasant diversion and seemed to meet with approval. This should be made an annual feature and time given to arranging a suitable program for such a day.

Supt. Hamilton is much encouraged with the success of the school board convention held following the institute and intends to make this part of each institute week in future.

Local people were not able to do as much toward the entertainment of the teachers this week as has been their custom and desire on account of other matters taking up their time. However, they showed their interest in the work.

FOR SALE-160 acres of land with 1,000,000 feet of standing timber. 50 acres tillable and can be irrigated. Adjoining forest reserve and controls large range. Call at this office.

PRIMARY ELECTION.

The official count has been made for the primary election and the result is given below. There was no election held in Catlow and Warm Springs precincts and the ballot box for Denio had not been received up to the time for making the official count. This precinct would not change the result in any of the successful nominees, however:

REPUBLICANS.

- Governor: Abraham 44, Bowerman 117, Dimick 51, Hofer 56

INDUSTRIAL NOTES.

(Portland Correspondence.)

Under the auspices of the Harriman lines, W. E. Benton is interesting Oregon communities in making exhibits at the United States Land and Irrigation Exposition, to be held in Chicago November 19 to December 4. Mr. Benton was engaged by Wm McMurray, general passenger agent for the Harriman lines, who is familiar with the work of the former in handling the state exhibit at the Lewis and Clark fair and also the Oregon exhibit at the A-Y-P exposition.

Features of the showing at Chicago will be fruit grain dairying and hogs. Each section of the state should take the fullest possible advantage of this opportunity to exploit its resources. It is intended to make the showing strongly representative and the individuality of the various communities will be preserved. Each section will receive valuable advertising in proportion to the interest shown. This is certainly a chance to get valuable publicity in the east without expense, other than the cost of collecting an exhibit, and all Oregon communities will, no, doubtfully cooperate with Mr. Benton in this work.

Oregon leads the whole country in apple production this season, according to the latest report of the Department of Agriculture, which deals with orchard conditions up to September 1. The condition of the state's apple crop at that time was given as 93 per cent of a full crop, while its nearest competitor could show but 90 per cent. The condition of the crop throughout the whole country was given as 46.8 per cent of a full crop. The Northwest states make the best showing of all.

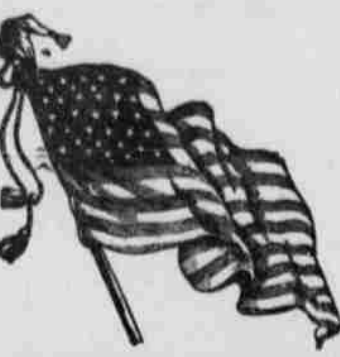

A remarkable telescope that enables men stationed at Fort Stevens to detect the approach of an enemy while they are still more than 22 miles off shore has just been installed there. By its aid the range of the approaching fleet can be obtained and the mechanism is so adjusted that it overcomes the effects of the curvature of the earth on an ordinary telescope.

NOTICE FOR PUBLICATION.

Urban Adams Lamo (GIVEN), of Burns, Oregon, September 3, 1910. Notice is hereby given that John F. Connor, of Burns, Oregon, who, on August 14, 1906, made Homestead Entry, Serial No. 686, for SW 1/4, section 14, Township 30 N., Range 12 East, Willamette Meridian, has filed notice of intention to make Final Commutation Proof, to establish claim to the land above described, before the Register and Receiver, at Burns, Oregon, on the 12th day of October, 1910.
