COMMUNICATED.

To the Voters of Harney County:

In asking for your support for re-election to the office of Sheriff of Harney county, on Nov. 8th, 1910, I wish to say that owing to the work in the office at this particular time I shall be unable to make a canvass of the county in my own behalf. I have tried during my tenure of office as sheriff to perform the duties pertaining to the office honestly and conscientiously, and if again elected, I shall continue, as heretofore, to conduct the office always to the best of my ability, and to enforce the law in a fair and impartial manner.

The experience I have gained in the past makes me better qualified to perform the duties pertaining to the sheriff's office this time. I fully appreciate the confidence and trust the voters of Harney county have placed in me in electing me to the responsible office of sheriff, and I again ask your support feeling that my record is worthy of your consideration.

A. K. RICHARDSON.

It is a gross abuse of the right guaranteed by the Initiative and Referendum Amendment to the Oregon Constitution to bring up woman suffrage at every general election. This measure was submitted in 1900 and beaten by a plurality of 2,137. In 1906 it was again proposed and beaten by 10,173. In 1908 it was again on the ballot and it was beaten by a majority of 21,649. Notwithstanding these repeated defeats, more decisive at each election, the same measure is on the ballot this year. The ballot title is misleading and indicates a proposal to give votes to taxpaying women only, but the measure to be voted on is the same proposition which the people have so often and so recently condemned. It should be voted down this year by an increased majority, especially because of the fraud undertaken to be perpetrated on the people by the use of a false and misleading title on the ballot.

A GOOD POSITION

The National Telegraph Institute of Portland, Oregon, operates six official institutes in America, under supervision of R. R. and Wireless. Officials and places all graduates into positions. A Handsome Woman
Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have hollow skin, dull eyes, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild that they have taken medicine, Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and distress. Sold everywhere. Price 25 cents.
